Mill Valley Council Regroups Forces For Annexation

Mayor Authorized To Adjust Boundaries At Next Hearing

By BRUCE COLEMAN

Mill Valley City Council regrouped its annexation forces last night and, in doing so, lambasted the county planning director, the timekeeper at the County Local Agency Formation Commission meeting and the Independent-Journal.

The council took these two actions:

It reaffirmed a commitment made to Alcan-Marin Ltd. when that firm started development in the proposed annexation area, saying the city would honor plan approval and zoning granted by the county. (Alcan-Marin has started building its first unit of Marina apartments near Enchanted Knolls Point.)

It authorized Mayor Michael Wornum "to make such boundary adjustments as may be necessary to avoid jeopardizing the entire annexation" when he appears before the next meeting of the local agency formation May 28. At that time the commission is expected to make its decision on the city request to annex 255 marshland acres stretching from Tamalpais High School to Highway 101.

Reporting on last Thursday's hearing before the commission, Wornum said the city was told each side would be given 20 minutes to present its case, but that the city was given 20 minutes while the other side had an hour and one-half.

"The county planning director was supposed to be out as a planner but acted more as a political adviser to the commission," Wornum asserted.

"If this is an example of the coordinated county-city planning," Councilman Joseph E. Sheeks remarked, "it illustrates what I have been saying a long time: the County of Marin planning staff doesn't un-

Tam Checking 'Big Brother' Possibility

The Tamalpais Union High School District board wants to check to see if it is the "Big Brother" in the controversy over annexation of 255 acres of lowlands to the City of Mill Valley.

The board voted last night to undertake to find out whether its willingness for Tamalpais High School to be annexed is prejudicing other land owners. In the meantime, it will ask that the Marin County Local Agencies Formation Commission hold up its decision on whether the annexation can proceed.

The commission is scheduled to consider the annexation proposal May 28. The next regularly scheduled Tam District board meeting is June 1, but trustees said last night that the board could meet in a special session before the May 28 meeting.

Representatives of the Alto-Richardson Bay and Tamalpais Fire Protection districts appeared before the board to claim the high school property was being used as a wedge by the City of Mill Valley to annex the business districts of Tamalpais Valley and Alto.

They pointed out the school district owns more than 51 per cent of the property in the area proposed for annexation. They asked that the board protest the annexation.

Trustees pointed out that the district has sought annexation to the city. However, the board voted to request a delay in the decision until it can determine how its decision will affect other property owners.

Appearing before the three board members (John C. Siemens and William B. Lewis were absent), were Morris Batz and Donald J. Taylor of the Tamalpais Fire District and Fire Chief Carl O. Heynen Jr., of the Alto-Richardson Bay Fire District.

PUC Orders Probe Into NWP's Plans

The California Public Utilities Commission wants to know why the Northwestern Pacific Railroad has taken no steps to restore service to Southern Marin.

On its own instigation, the PUC today ordered an investigation of the railroad's plans and scheduled a hearing at 10 a.m. June 8 in the Marin County Civic Center.

In its order today the PUC charged that the railroad has "failed to communicate to this commission any plans it may have or steps it has taken to reconstruct the tunnel and restore service as it existed prior to the fire."

The Puerto Suello Tunnel collapsed in a fire three years ago. The railroad has repeatedly sought permission to abandon the line and not repair the tunnel.

However, the Interstate Commerce Commission has ordered service restored and a three-judge federal court ruled April 7 against the railroad's appeal of the ICC order.

The PUC in its investigation and hearing will determine if it should order the railroad to act, repair the tunnel and restore service.

August Bids On San Rafael Entrance Due

Second, Third Streets Plans Are Unveiled

The State Department of Public Works plans to call bids in August for the Grand Avenue bridge and the first two overhead structures for the new south entrance to San Rafael on Highway 101, San Rafael City Engineer Dominic J. Selmi reported last night.

Selmi received city council approval for work on city streets for necessary traffic rerouting in the area during the construction. This will affect principally traffic on Second and Third streets at the Montecito Shopping Center.

THIRD STREET

Selmi and Public Works Director Norris M. Rawles also unveiled plans for westerly extension of Third Street and realignment of Second Street, from E Street to the Miracle Mile.

As planned, the four-lane Second Street will be a divided road from E to G streets and from Ida to Marquard Street. Councilman Charles W. Aby urged the engineer consider eliminating traffic on one side of the street between G and Ida streets to make possible a divided road in that portion also.

TRAFFIC LIGHT

A three-phase traffic light would be installed at the Miracle Mile intersection. It would permit all present traffic movements except that between Fourth Street and Marquard, which would require a detour.

Hayes Street would be closed at both sides of Second Street. West End Avenue would cease to exist, becoming the eastbound lanes of Second Street.

The construction, including extension of Third Street where one end of the E Street School building is to be demolished, and a new storm sewer under part of the distance, is estimated to cost $150,000.

Councilmen took the plan for further study.

Reject Freeway, Assembly Urges

SACRAMENTO (AP)—The Assembly today urged the California Highway Commission to reject proposed freeway routes through Praire Creek Redwoods State Park unless the public requires such a route.

A resolution by Assemblyman Edwin L. Z'berg (D-Sacramento) was adopted 48-11 after a lengthly floor debate.

It says the proposed beach and "bluff" routes through the heart of redwood groves would harm recreational facilities, and asks that at least one public hearing be scheduled before action is taken.

Bus-Truck Crash Kills Two Children

MARYSVILLE (AP)—Two parochial school children were killed and several others were injured today in a bus-truck collision at Beale Air Force Base.

Killed were Patricia Rhodes, 11, and Frances K. Ingham, 9.

Both were pupils at Notre Dame Grammar School, Marysville.

Youth Social Conduct Code May Be Set Up

Parents of 50 Tiburon Peninsula children discussed setting up a standard code of social conduct for young people at a meeting in Whitaker Hall of St. Stephen's Episcopal Church last night.

They were divided into three groups. Two sections proceeded in an orderly manner to discuss girls' skirt lengths ("long enough"), boys' haircuts ("short"), dancing lessons for sixth grade boys. ("Just the psychological time to learn" was countered by "leads to early dating"); tobacco ("I gave up smoking and there has been no trouble since") and so on.

The third group jumped the discussion guide and argued as to whether a code should or should not be established, and how it might be enforced, and agreed that "parents are a problem."

Rev. L. E. White of St. Stephen's Parish said: "There is child abandonment on the Tiburon Peninsula as surely as there is in the Mission District, but the police do not come in and take the children away in this area."

The Boardwalk has become a hangout for youngsters, bringing problems of "staggering theft," smoking and so on, some parents claimed.

Difficulties of parents with the local movie theater were commented upon—lack of chaperones, vandalism, admission prices, and the choice of films shown.

George Bitter, Peninsula Road resident, said the parents should "back up the school, back up the churches and back up the merchants. This community has a lot of problems."

The meeting was part of a Tiburon Peninsula Community Project on Social Behavior and Character Development. Chairmen are the Rev. White and Supt. Edward C. Pino of the Reed School District. It followed up a survey of 420 parents to which 101 replied, 91 per cent in favor of a code of conduct.

Eighth graders held their own discussion in school yesterday and one was planned for seventh graders today. An evening discussion for the parents of Del Mar seventh graders and Bel Aire sixth graders is sheduled for 8:30 p.m. today in Westminster Presbyterian Church.

County Youth Study Group Is Endorsed

Formation of a county-wide study committee on youth was endorsed today after proponents heard some conflicting advice on how to go about the job.

Richard Nave of the Novato chamber of commerce explained the idea for the study grew out of information on a major increase in juvenile cases in the Novato police department. He said a Novato committee was formed, and decided to expand the area of study.

Supervisor Byron W. Leydecker said any such study should probably be made through the Marin Council for Community Services. Supervisor Peter Behr, however, said there were already too many professionals involved and a little more work by volunteers might be in order.

Behr offered summer employment as an example of a program for youth which would go far to reduce juvenile delinquency. This program would be up to those who can provide such employment, he added.

He also suggested that a locally supported young people's version of a domestic peace corps might be investigated.

Chairman William A. Gnoss said he was amazed by the number of cases which have been handled in Novato. He said the county is now providing a good program for chil-

Budget Is Placed At $20.1 Million

First Of Three For Board

By ROBERT M. COPPOCK

The Marin County Board of Supervisors today received the $20,156,505 recommended budget from County Administrator Alan Bruce.

The 217-page document is the first of three budgets to be worked by the board, which will start to tear this one apart on June 17, when formal budget hearings begin.

Bruce's recommendation will be refined into a preliminary budget, to be adopted in June, followed by the final budget which must be adopted by the end of August.

Public assistance programs will take 40.5 per cent of the total county budget for fiscal year 1964-65, Bruce predicts. Aid administered by the welfare department is the biggest hunk of this.

CHANGES IN LAW

The increases in welfare are largely caused by changes in state and federal law, making more persons eligible for aid, and by increases in the county population, especially the elderly.

The total budget jump is 17 per cent, but the cost of general governmental services, which do not include welfare, is up only 4.8 per cent, compared to a 5.1 per cent increase in population.

Property taxpayers will be expected to provide $8,087,809.

Two new major programs are included, and they are related. A mental health budget of $152,635 has been proposed. The other new category, costing $101,762, is the juvenile residential treatment center, soon to go under construction in Lucas Valley. The facility has been given a new name, "Family Rehabilitation Center," to please state officials.

NEW CATEGORIES

Each of the two new categories will be heavily supported by the state government under the Short-Doyle Mental Health Law, with $43,285 going to the rehabilitation center and $69,784 for mental health.

Sales taxes should climb from $286,680 to $321,780; dog licenses, recently increased in cost, will go from $45,750 to

BOYCOTT TERMED 'A GREAT SUCCESS'

CORE Chairman Says Children's Parents Aware Of Sausalito School Inequities

"Freedom schools" held at two Baptist churches yesterday in Marin City during a boycott of regular public schools were termed "a great success" today by Douglas J. Quiett, chairman of the Marin chapter of the Congress of Racial Equality.

"I think it was a great success because we had close to 300 youngsters there," said Quiett. "This points out these youngsters' parents are aware of the inequities in the Sausalito School District."

Quiett reported that everything went smoothly at the day-long session, run on identical hours with the four public schools in the district.

Supt. Marcus F. Davis of Sausalito School District reported that a windshield was broken, apparently by a rock, on the car of Mrs. Karen Magee, sixth grade teacher, while it was parked during the day in the Richardson Bay School parking lot.

Quiett said final tallies were not in but "between 275 and 300 pupils attended the freedom schools."

He said CORE members will evaluate the situation and then ask to sit down with the district board and "try to work out some agreeable plan for integration within the district."

Davis said the school administration and trustees are continuing to work with the Commission on Equal Opportunities in Education, under the State Department of Education, and it is hoped the commission will submit a report to the board shortly.

The commission was asked to come in after CORE met with the board last fall requesting that something be done about "de facto segregation" in Manzanita and Richardson Bay schools.

Davis reported 362 absentees from the district's four schools yesterday, counting illnesses. There were 198 absent of the 267 enrolled at Manzanita, 199 of the 401 at Richardson Bay, 24 of the 153 at Bayside and 41 of the 212 at Central.

Today's enrollment, which Davis described as "back to normal," was Manzanita, 245; Richardson Bay, 372; Bayside, 140, and Central, 183.

Teacher Has Support For 'Freedom' Role

John F. Gardenhire, San Jose Intermediate School teacher who took part in the "freedom school" in Sausalito yesterday, did so with the knowledge of his immediate superiors and the delayed moral backing of his school board.

Robert E. Lea, vice principal of the intermediate school, today said he and principal Fred Newton knew last Friday that Gardenhire would be absent from work yesterday for the demonstration and hired a substitute to take his place. Gardenhire was back at his classes today, Lea said.

Supt. Ralph Giovanniello said he did not know that Gardenhire had taken part in the school strike.

Trustee Mrs. Jean Ashley said she "was not surprised." Trustee James Swenson said he "expected it."

"That's where he ought to be," said trustee Alan M. Swabecker at the board meeting last night.

Her husband, Gregory Gloria, 28, was admitted to San Jose Hospital early this morning. He is in critical condition.

'Bay Of Pigs' Jitters Spread Over Cuba, Refugees Report

MIAMI, Fla. (AP) — Refugees from Cuba say the country is on a virtual wartime emergency basis because an exile group announced plans to be fighting on Cuban soil by tomorrow.

Exiles arriving here from Prime Minister Fidel Castro's Communist dictatorship said highways in Cuba were jammed with troop-carrying trucks, tanks and cannon, heading into mountain and coastal areas.

The Castro regime, they said, apparently is taking every possible defensive measure against raids such as that of last week when exile raiders burned a sugar mill in the eastern port of Pilon.

Ramon Espino, one of 48 refugees arriving from Cuba over the weekend, said "invasion jitters have made the Communists desperate."

Widespread arrests of Cubans suspected of anti-Castro leanings were reported by exile sources.

"It appears to be something like the situation which preceded the Bay of Pigs invasion of April 1961," said an anti-Castro leader, quoting underground sources.

The reports led to speculation among refugees that new attacks on the Cuban regime, expected today or Wednesday might be postponed.

Manuel Ray, leader of one anti-Castro action group, recently disappeared from his headquarters in San Juan, P.R., and Eloy Gutierrez Menoyo, a noted guerrilla fighter, has faded from sight here.

One exile leader said Ray's pledge to be fighting in Cuba before May 20 "would not lead him into any foolhardy attack if the time is not ripe. Likewise, Gutierrez Menoyo, who has no timetable, would judge the situation by facts, rather than on the basis of emotion. Yet I would not say that attacks either today or tomorrow are out of the question."

Report Blames Senate For Baker Mess

Strict Ethical Regulations Are Suggested

WASHINGTON (AP) — The Senate committee investigating Robert G. (Bobby) Baker goes behind closed doors tomorrow to consider a proposed report that blames the Senate for putting Baker and others in places of responsibility without imposing "enforceable standards of honesty."

To remedy the situation, it urges a strict set of ethical regulations for Senate employees and senators.

The report, submitted to the rules committee by its special counsel, L. P. McLendon, alleges that as a Senate employee Baker was guilty of gross improprieties but holds he was not legally guilty of conflict of interest.

Baker, 36, resigned as secretary to the Senate's Democratic majority Oct. 7 after conflict-of-interest allegations.

The proposed report said disclosures in the Senate investigation "convincingly prove the existence of a breeding ground of practices inimical to the public interest."

"No amount of sophistry," it said, "can relieve the Senate of the public criticism now directed against it.

"The Senate, as a body, and senators individually have suffered the loss of much respect and prestige because of conditions this investigation has brought to light."

To put the situation to right, McLendon's report urges:

1. A system of compulsory public disclosure of the identity of the financial interests of all senators, officers and employees

2. Compulsory prohibition "of all associations by senators, officers and employees with persons and organizations outside the Senate who are engaged in conducting business with the government or have business before the government officers or agents."

3. A requirement by the Senate, as a matter of permanent policy, that all senators respond to requests from any of its committees to appear and testify about any knowledge they have of a subject under investigation.

The report was submitted to the committee 10 days ago and was leaked to newsmen yesterday. Tomorrow's closed meeting is for members to go over the draft and offer suggestions.

Committee Chairman B. said he expects the committee to make some changes in the proposed report before submitting it to the Senate.

The committee's Republican minority, which has attacked the Democrats' handling of the investigation, was reported drawing up a separate report.

Demos Say Johnson Due In California

LOS ANGELES (AP) — California Democrats say President Lyndon B. Johnson will make a two-day swing through the state June 19 and 20 to raise money for the party.

The White House had made no official announcement by yesterday, when the party's state central committee reported the president would address a $100-a-plate dinner June 20 at the Hollywood Palladium.

The committee, through its monthly newspaper, said a similar dinner is scheduled June at the Cow Palace in Daly City.

Democratic party sources said revenues from dinner program advertising, tickets and special meetings would be turned over to the Democratic national committee.

Mythical Nations War Over Colorado

BLYTHE (AP)—Two mythical nations, warring over rights to the Colorado River, continued today to lash each other from the air, as hundreds of planes made sorties over Operation Desert Strike.

Forces from one nation. Nezona, pushed the mock war into Calonia after establishing a bridgehead on the west bank of the Colorado.

About 1,000 varied aircraft are engaged in what an official communique described as an "air battle of mounting intensity." Sketchy reports from the front last night indicated Nezona lost 64 planes, while downing 52 of the defenders' craft.

The battle, involving nearly 100,000 men, ranges over 14,500 square miles of desert and planes are scouting as far east as Holloman Air Force Base, N.M. and Biggs AFB, Tex.

Video Debate By Cranston, Salinger Set

By ASSOCIATED PRESS

Democratic senatorial candidates Alan Cranston and Pierre Salinger will confront each other and California voters face-to-face via a television debate May 29.

That development highlighted politicking yesterday for the June 2 primary, along with the predicted announcement by backers of Ambassador Henry Cabot Lodge that they're switching their support to Nelson Rockefeller.

FINAL SWING

The New York governor was to arrive in Southern Californit today on his final campaign swing.

Arizona Sen. Barry Goldwater said, "It's a stop-Goldwater' movement. I don't think it will work. Lodge is now dead as far as the convention is concerned."

Meanwhile, a state GOP leader noted in Sacramento he's so upset at intra-party feuding he's calling a "summit peace conference" in the capital for June 20.

MINORITY PARTY

"I am alarmed at the emotionalism and bitterness that is being created in connection with the contest between the Rockefeller and Goldwater camps," explained Assemblyman Don Mulford of Oakland, chairman of the GOP Assembly caucas.

"Unless something is done to dramatically bring to the attention of all Republicans in California that we are still a minority party, we are simply going to lose Assembly seats in November," he commented.

The Salinger-Cranston debate was scheduled for one hour hour on May 29, a Friday, over KOGO-TV, the NBC San Diego affiliate. A panel of news-men will pose the questions and tapes of the encounter will be made available to other California stations for broadcast the same day.

Strikes, Boycott Mark School Days

COMBINED UPI & AP

Teacher strikes and a school boycott again highlighted news of schools today.

Most of Utah's 10,000 teachers, faced with possible court action, planned to stay off their jobs again today to decide the next move in their efforts to get more money for education.

Virtually all public schools remained open, as yesterday, when the two-day teachers' protest walkout began, and the State Board of Education sought a court order to keep teacher leadership from prolonging the walkout.

The order would prevent Utah Education Association officials from "encouraging teachers or other personnel to breach their contracts or to strike against the state or any of its school districts."

Judge Joseph G. Jeppson of 3rd District Court took the request under advisement.

The walkout was triggered by Gov. George D. Clyde's refusal to heed the recommendations of his study committee and call a special legislative session to consider an emergency 6-million-dollar appropriation for schools.

In East St. Louis, Ill., high school seniors planned today to picket their own picketing teachers, who are striking for higher wages.

The students, due to graduate in only three weeks, said they would carry placards reading: "Finals Now — Picket Later."

The teacher walkout started yesterday when more than two-thirds of the 715 teachers in this Mississippi River town refused to report for work. More than 18,000 youngsters took a holiday from classes.

No sign of settlement was in sight.

A civil rights boycott of Milwaukee public schools in protest of alleged de facto segregation kept more than 10,000 Negro students, about half of the Negro school enrollment, away from classes here yesterday.

Civil rights leaders were elated by the outcome of the boycott, the biggest civil rights protest in Milwaukee history.

"It was a magnificent success," said attorney Lloyd Barbee, Wisconsin chairman of the National Assn. for the Advancement of Colored People and head of the Milwaukee United School Integration Committee (MUSIC), sponsor of the boycott.

"Milwaukee has finally awakened," Barbee said.

School Superintendent Harold S. Vincent conceded the boycott had been "in part successful." But said it was "totally uncalled for."

"I don't see how a boycott can have any value in respect to the problems," he said.

CLAUSEN BACKING PEACE CORPS IDEA

Rotarians Hear Lawmaker Declare Private Missions Should Be Used In Fighting Reds

BY WAT TAKESHITA

A private Peace Corps — using American business know-how and private missions — should be used to mount an offensive against Communism aboard, Rep. Don H. Clausen (R-Crescent City) declared yesterday before a gathering of almost 250 Rotarians in San Rafael.

Instead of spending more and more taxpayers' money on the tax-supported Peace Corps, Clausen called for "a plan that places more emphasis in the private sector and less emphasis in the public sector."

Congressmen Clausen, who will seek re-election in November, spoke at the annual joint luncheon meeting of all Rotary Clubs in Marin County at Dominic's Restaurant. Albert T. Goodwin, president of the San Rafael Rotary Club, introduced visiting Rotarians from as far away as Springfield, Mo.

Carroll Snyker, chairman of the day, introduced Clausen.

Since 1955, Clausen said, he has participated in a program that provides various missionary services throughout the world, such as flying medical and other relief supplies to underdeveloped countries.

"This program is carried on with no tax support from the federal government . . . Once a mission station is established and the native staffing is completed, the service continues to expand but the financial requirements of the sponsoring organization tend to decrease," he related.

"I strongly believe in the principle of the Peace Corps," said Clausen. But a Peace Corps sponsored by the government means a mounting drain on the taxpayers' money, he noted.

"I believe we should give more incentive and recognition to the efforts of organizations willing to carry out and expand the private peace corps concept."

Clausen called for creation of a "Freedom Academy, sponsored by our private sector, staffed by qualified graduates of our private enterprise system" as the answer to the Communist ideological offensive.

"How many ball games can you win by devoting all of your time and attention to defense strategy?" Clausen asked. "Let's face it. You can't win unless you have a better offense. It is time we got on the offensive!

"We must step up the people-to-people effort—an expansion designed to promote the joint venture concept between investors of our country and investors of interested developing nations."

Clausen listed four forms of American activity that he said hold the key to communicating ideas aboard; cooperatives, small business, trade unions and voluntary organizations.

The American cooperative fascinates overseas leaders, he said. He gave the Associated Press, Sunkist, Railway Express Agency, large insurance and credit union finance companies, and agricultural purchasing associations as samples.

Nothing will appeal to people abroad more than to be brought face to face with the fact that small business is a vital part of America, he contended.

"Labor unions, through their free labor movement, have done a better job of interpreting America overseas than has business. . . .

". . . If the trade associations of the companies for which labor works expand their interest in this inter-nation program, we can turn the tide of history. This we can and must do!"

Among voluntary organizations he mentioned were the supermarket organizations, non-profit corporate associations, savings and loan associations, finance and managerial organizations.

On the local level, Clausen reported he is still working for full release of the Tiburon Net Depot property by the Navy to the Department of Interior. He urged continued development of Novato Airport because it can be used by smaller aircraft even if a large commercial airport is ultimately developed at Hamilton Air Force Base.

He is working to get Redwood Highway into the federal interstate highway system.

The original authorization for Point Reyes National Seashore was 14 million dollars, but the actual cost will be more like 30 to 35 million dollars, Clausen reported.

12-Year-Old On State's Payroll

SACRAMENTO (CNS) — A freshman Sacramento assemblyman has the 12-year-old son of his secretary on the state payroll.

Records in the state controller's office showed that the office staff of Leroy F. Greene, D-Sacramento, includes John Lundgren. The boy is the son of Terri Stathos, Greene's secretary.

The records show the boy has been paid from $50 to $60 per month for the past year or so. It was explained he came in after school and helped with mailing work and errands.

The legislature has a firm policy prohibiting hiring of relatives of legislators themselves.

Roderick E. Pero of 249 Perry Street told the sheriff's office he spent the day in San Diego, and forgot to close the door on the way out. A neighbor spotted the open door later and closed it, but the theft was not discovered until Pero's return.

There goes part of our $495,000,000 telephone payroll.

Matter of fact, the greatest part of our payroll is pumped right back into the economy of the state. Much of the money our employees earn rings up sales for thousands of businesses like department stores, service stations, grocery stores — businesses of all types and sizes (including the little salesman who cornered our linemen at lunchtime).

In this way, purchases by more than 74,000 telephone people help create jobs for employees of all these businesses. So, any way you look at it, our telephone payroll is a big boost to California's economy.

What every wife should know

. . . about her husband's life insurance. How many "I don't know's" would you score on this test?

1. How many policies does your husband own? Does he have group insurance where he works? How much is the total amount of protection provided?

2. Are any of his policies just temporary? How old will you be when this temporary protection terminates?

3. Is your husband's life insurance coordinated into a program? Is there a part ear-marked to pay off the mortgage; to educate the children? How much income would it pay now? How long would it last?

It makes good sense for a wife to be well informed about her husband's insurance. Her security is the number one objective and it's through her budgeting skill that money can be set aside for the future. If you and your husband would like to review any of these questions, just call the Man from Manufacturers. You'll find him a competent and friendly adviser.

Some Stinson, Bolinas Zoning Recommended

After repeated hearings and study over the past seven years, precise zoning was recommended for the built-up areas of Bolinas and Stinson Beach yesterday.

Left out, however, were areas which the master plan shows as zoned for recreation-commercial, and the large lot areas in the uplands behind Stinson Beach and Bolinas. No zones exist in the county ordinances to cover such needs.

The Marin County Planning Commission ordered the staff to make the devising of such new zones a high priority item for staff study so the program is not forgotten.

The plan calls for commercial districts along Wharf Road and a small part of Brighton Avenue in Bolinas, and on the property along Highway 1 near the causeway entrance to Seadrift in Stinson Beach.

Commercial areas were also approved for the southern end of Stinson Beach and in the center of town, although the latter location was not recommended in the master plan.

Apartments would be allowed at the entrance to Bolinas and in the "Calle" area of Stinson Beach, although the Stinson Beach area may not see apartments for some time, since the county sanitarian has refused to allow apartment septic tanks.

Open area zoning was applied to county, state and Bolinas Public Utility District lands. But no such zoning was put on the lands of the Bolinas Harbor District, pending possible sale of the property or development by the district.

Hurford Sharon of Bolinas raised one of the few objections to the new zoning, asking that his property at the foot of Brighton Avenue remain commercial.

Barry Sign Cut Down —$50 Reward Offered

A $50 reward was offered today by the Young Republicans of Marin County for information leading to arrest and conviction of persons responsible for cutting down a Goldwater for President sign three times on Alto Hill.

W.O. Weissich, chairman of the Marin County Goldwater Committee, said the 22-by-9-foot sign, placed on private property with the owner's permission, was chopped down the three times during the past three weeks. Latest time, he said, was Sunday.

derstand the problems of the city and is not making any effort to understand the problems of the city. . . .

"I can show you where there will be a 'no' vote against any county-city planning as long as we have the present planning director. I think this is one reason why Mr. (Peter) Behr (county supervisor) wanted to dispose of him."

"You can add another vote on that," piped in Wornum.

Wornum said Mill Valley is "vitally concerned" with the annexation to increase the city tax base and control planning to the marshland and city entrances.

He spoke of the possibility of Tamalpais Valley and Homestead ultimately uniting with Mill Valley but said Tamalpais Valley has "a certain justice on their side" in not wishing to lose the business area.

"I woul dlike to suggest we cannot alter the boundaries of this annexation area but we can state to them (the commission) we would be willing to let them alter them to exclude" the Tamalpais Valley business section, said Wornum. "The rest of the area is absolutely vital to our interests."

Wornum spoke of wanting to be good neighbors to Tamalpais Valley, "especially since we would like them eventually to come in."

Councilman Albert E. White said he felt any compromise on the boundary should be initiated with the commisison, and Councilman William M. Secor concurred.

Councilman George E. Wickham said: "Cutting off the caboose depends on which end of the train you're riding on. Tam Valley doesn't like theirs cut."

"Dolan's Corners and the adjoining commercial area was never essential to my peace or well being as part of this annexation," said Sheeks. "I can't feel too strongly if we give it up. We're talking about a matter of tactics. . . . I would like it to be the most advantageous way to the city."

"The paper stated the city manager was accused of distorting the facts," said Wornum. "The facts he gave were complete, well presented and backed by the council . . .I'm unhappy with the I-J. They gave the report half way through the hearing. I think fairness is more important than newspaper deadlines." (The Independent-Journal reported, because of its deadline for printing, the first part of the hearing last Thursday, the remainder in Friday's edition.)

"I found this a blatant example of irresponsibility in journalism," said White. "The opponents to the annexation had finished their speaking by 11 a.m. The discussion on the part of the city was after 11. In fairness to the community the report by the newspaper should have either been labeled as half a report or held over to the following day . . .

"The paper has the freedom to distort and print untruths. I feel the area of responsibility in the newspaper is an area of great concern to us. I hope in the future we can look forward to a more responsible press."

BUDGET

Continued from page 1

$61,500; building permits will go from $148,000 to $161,000, while interest on county funds will hold steady, climbing from $313,000 to $316,000, predicted Auditor Michael Mitchell.

In road subventions, the highway users tax will jump while vehicle in-lieu taxes will go from $655,000 to $733,000. But the big hike for roads will come because the full effect of the extra one-cent gasoline tax will be felt, with revenue climbing from $97,000 to $219,000.

MAJOR CHANGES

Mitchell noted that incorporation of a new city, Tiburon, could cause several major changes.

Many departmental budgets showed major increases in expected expenses, including the board of supervisors itself, from $78,993 to $90,909, and the county administrator, $36,348 to $45,080.

The full effect of the new retirement plan for county employees will be shown in the increase in the employee fringe benefit category from $552,500 to $659,500.

Public works engineering and administration is slated to jump from $115,742 to $161,563, although road construction and maintenance will be cut from $1,455,974 to $1,183,570.

The county hospital budget, which was $384,000 for this year, is upped to $606,000. Bruce noted that "the top blew off" this year, and estimated the year's total expenses in the hospital category will reach $531,350.

The Health Department budget is expected to drop slightly, from $379,805 to $376,758, but income from sources other than property taxes to support this department will drop more sharply, from $137,780 to $109,433.

In crippled children's services, costs will climb from $131,000 to $147,000, while outside income will be cut from $126,700 to $103,833.

Other big increases include the superior courts, from $68,228 to $84,050, with a fourth judge starting in January; planning, from $161,488 to $199,965, with a major staff increase asked, and miscellaneous education, $125,569 to $173,417.

The education increase is caused largely by the family rehabilitation center school needs and the summer program for some handicapped students. Not included, however, are any money for a county takeover of the day care center at Manzanita School or to aid the Sausalito School District generally.

Wolfe Grade School Plan Goes Ahead As Road Moves

The Kentfield School District board decided last night to go ahead with plans to construct a six-room addition to the Wolfe Grade School, after it learned that the planned extension of Wolfe Grade will cut closer to Marin Catholic High School.

County Public Works Director Donald R. Frost showed the board revised plans for the road's extension which call for reducing its width by narrowing the center divider and shoulders and placing it closer to the high school.

The board and its architect, Peter Skaer, and Frost agreed that the classroom addition could be built as planned with the revised road plan.

As originally presented to the board last week, the extension of Wolfe Grade to Bon Air Bridge would have prohibited the construction of the classroom addition at the planned location.

County Supervisor William D. Fusselman yesterday predicted the school district and county would be able to reach agreement on location and width of the Wolfe Grade extension. He said he had not seen the plans for the proposed 80-foot-wide road and doubted it needed to be so wide. He noted the school district had planned to run a narrower road onto school property as a cul de sac.

Supt. Howard C. Harmon said he did not know if the new plan would be acceptable to Marin Catholic High School.

The Kentfield board also reviewed the preliminary budget for the next fiscal year which calls for expenditures of $901,416 and an undistributed reserve fund of $32,569. The budget calls for hiring a resources teacher and a second fulltime music teacher.

Some Supervisorial Staff Due Free Meals At Juvenile Hall

The Marin County Board of Supervisors today quickly passed the new policy on free meals to staff members at juvenile hall, agreeing that one supervisory staff member per six detainees will be given a meal.

Also to get meals would be housekeepers and cooks who help serve or prepare the meals, in accordance with a custom County Administrator Alan Bruce said was virtually universal in food preparing establishments.

Bruce said plans are being made to allow the county to use federal surplus foods for meals at the juvenile hall, thus cutting costs.

The question of free meals was raised two weeks ago by Auditor - Controller Michael Mitchell. He said free meals were costing the county $12,600 a year. Later he revised the estimate downward to $8,259 in direct cost.

Under the new policy only those staff members who are actually required to eat with the children at the hall will be fed free.

Diamond Jim Is Up To His Old Tricks

The law today was again looking for James A. (Diamond Jim) Pattillo, collector of art, diamonds, girls and money.

The last time the law was on his trail, he jumped on his boat at Sausalito and sailed out to sea with a pretty, blonde crewgirl.

This chase did not come to a halt until the Coast Guard overhauled the boat off Monterey. Patillo was returned to face forgery charges of embezzlement from a cask making firm of which he had been a vice president.

Today, Pattillo was to appear in San Francisco Superior Court to stand trial on the charges. Court opened at 10 a.m. The baliff was there, the district attorney was there, the judge was there, the prospective members of the jury were there. Everyone was there but Pattillo.

The court issued a bench warrant, ordering that Pattillo be arrested and held without bail until the new trial date, June 3.

dren who get into trouble, but it is much less expensive to work before the child runs afoul of the law.

Leydecker said he endorsed the idea but wanted to be careful not to commit the county for future financial support.

Supervisor William D. Fusselman said the board cannot commit itself to future action, especially beyond an election, but added the county is now providing money for a similar program for the elderly.

Nave said he was not asking for any money.

Protect Water Resources, Aide Urges

County Sanitation Director William L. Desmond made it plain last night that Marin County must protect its water resources with the utmost care.

Speaking at a meeting of the Marin Federation of Improvement Clubs at the county courthouse, Desmond said it is not realistic to expect to keep water clean if boating is allowed on reservoirs.

Desmond explained how his office tests water in the two large water districts and in Marin's small coastal districts. He said the smaller districts cause problems and some will need upgrading. He said in one area the water had to be temporarily cut off.

Waterfront Committee Will Meet Friday

The waterfront committee of the Sausalito planning commission will meet Friday at 8 p.m. in city hall, having postponed the meeting from last night since not all members were able to be present, chairman Norman Murdoch said today.

The planning commission will hold its regular meeting at 8 p.m. tomorrow in city hall.

San Quentin Escape Try Is Failure

A 37-year-old San Quentin Prison inmate broke away from a guard and tried to escape on foot outside the prison's maximum security area at 9:30 a.m. today, but was captured 15 minutes later after a chase through the employees' residential area.

Isabel Rodriguez, who was ordered back to the prison March 17 as a parole violator, was being returned from a California Adult Authority hearing when he made the escape attempt.

Associate Warden Dale B. Frady said Rodriguez was chased by men on foot and in vehicles, who finally caught up with him about a quarter mile from the spot where he began to run.

Originally committed in 1961 on a Los Angeles County burglary conviction, Rodriguez was paroled in 1963. Today's hearing dealt with his parole violation.

Frady said Rodriguez told officers he was afraid to return to the cellblock.

Russia Charges U.S. In Cambodia Attack

UNITED NATIONS (UPI)—Russia charged today that the United States sent Vietnamese troops into Cambodia.

Soviet Ambassador Nikolai T. Fedorenko told the Security Council that "large-scale action" against Cambodia last week "by the United States and South Vietnam can only be seen as a most gross violation and as blackmail to induce fear."

Project 17 Design Services Accepted

Mill Valley City councilmen last night accepted the volunteer services of two architects to design the community and youth center of Project 17.

They are Shig Iyama of Oakland and his associate, Robert M. Tanaka of 129 Peralta Avenue, Mill Valley.

Mayor Michael Wornum directed City Mgr. Bert A. Balmer to write Roy Starbird, Sausalito architect, thanking him for his services and for his patience. Starbird had been hired to design the center for $3,300 but an agreement was never signed.

Following arguments by the public two weeks ago, the council agreed to hold up the agreement with Starbird provided members of Recco, an organization working for recreation on Project 17 lands, cound find a licensed architect who would volunteer his services. Recco members, headed by William Woods, argued that other services, such as those of contractors, have been volunteered.

Plans of Iyama and Tanaka will be subject to approval by the architectural advisory committee, parks and recreation and planning commissions as well as the city council.

Councilman George E. Wickham reported Iyama's firm was chosen to work on the Methodist Church in the same area as the center and "I know he will do satisfactory work and conform to what the city wants."

"I think we owe a great debt of gratitude to Iyama and Tanaka for volunteering their services. This is public service of the highest ideals," said Mayor Wornum.

Work on the center has been hamstrung for about a month for lack of architect, with Recco members quitting work with teen-agers over the architect question.

Mike Ford, during the citizens' question period at the beginning of the meeting, asked, "When are we going to get a swimming pool?"

"It boils down to money, a start would be $100,000," answered Dean Meyer, parks and recreation commission chairman. Councilman William M. Secor said that a pool comes next after the community center.

Councilman Albert E. White, liaison to the planning commission, said the commission will recommend a planning study of lands included in the proposed annexation to be linked to the East Mill Valley plan as one project.

White reported that June 4 has been set for graduate students under direction of Robert Royston, Mill Valley landscape architect, to present plans for landscaping East Mill Valley and the marshland area, the meeting to be at the Outdoor Art Club, and open to the public.

The Mill Valley Council Also:

1. Switched its 1964-65 budget hearings from May 25 and 26 to June 3, 8 and possibly June 10, at 7:30 p.m. in city hall.
2. Adopted a resolution recommended by building inspector Herbert W. Street condemning the house of M. J. Bouscal of 164 Sycamore Avenue over Bouscal's protests.
3. Heard from City Manager Balmer that the city is eligible for open area grants but first must buy some land for such use.
4. Heard that some appeals have been made by city employees following a state personnel office salary and position survey.
5. Adopted an ordinance to annex Redwood Camp Part 2.
6. Approved the final map of Bay Tree Unit 1, off Country Club Drive ,containing 4.3 acres in six lots.
7. Heard that Clay Underhill is resigning as chairman of the community center fund raising committee but will remain until someone has been found to replace him.
8. Approved warrants totaling $18,323.

Pleads Innocent To Assault Charges

Johnny Mack Taylor, 23, charged with three counts of statutory rape, pleaded innocent in Marin Superior Court yesterday and jury trial date was scheduled for June 23 before Judge N. Charles Brusatori.

Taylor, of 10 Gilbert Street, San Rafael, was arrested by San Rafael police April 24. The offenses are alleged to have occurred April 4 and 5 with a girl under the age of 18.

By taking pencil-thin cores from the trunks of living and dead trees, Dr. Edmund Schulman prove dthat 17 of the bristlecone pines in California's White Mountains were more than 4,000 years old and one more than 4,600.

Random Oaks Apartments Continued

Plans for the Random Oaks apartments on a narrow strip between Ranchitos Road and the Northwestern Pacific Railroad tracks in Los Ranchitos were continued yesterday with a strong recommendation by the Marin County Planning Commision for a change.

Commissioner Eugene R. Trombley had asked that the master plan for the property be denied. It called for 48 units in four-unit buildings. The developer cut eight units from original plans to give more parking and an extra access road.

D. J. Luzzi, of 63 Los Ranchitos Road, vice president of the Los Ranchitos Improvement Club, noted the land is directly across the street from acre lots.

However, chairman Niels Schultz Jr. said that as far as he was concerned, apartments would be allowed on the land, which is zoned "planned residential."

Commissioner William F. Upton said he felt the proposed density of one unit per 3,122 square feet was too high and that the design of fourplexes in a single row was unimaginative.

Commissioner Henry C. Hawkins suggested that the developer, W. R. Hand Real Estate Development Co., get together with the improvement club before coming back before the commission.

'Tunnel' Proceeds Going To Center

The Ross Valley Players will give the proceeds of Friday's performance of "Tunnel of Love" to the Marin Art and Garden Center.

Under chairmanship of Mrs. Douglas A. Pease, various art and center groups are striving for a "full house." The sum derived from ticket sales will be turned over to the center to improve facilities at the Memorial Amphitheater.

The public may purchase tickets for the benefit show, starring Dr. Ted Schuster and Mrs. Tykie Casey, at the Art and Garden Center or at Orrick's Travel Bureau in San Anselmo.

McGraw-Hill Warns Against Gas Station

If a service station is built next to the Tomahawk Lodge, north of Novato, McGraw-Hill Book Co. will seriously reconsider putting a major distribution center and warehouse on 100 acres next door, the Marin County Planning Commission was told yesterday.

Action on the service station application by B&L Co. was deferred to June 1 by the commission after attorney Albert Bianchi dropped a bomb, in the form of the warning from the book company's New York headquarters.

The county planning department had recommended that the entrance to the McGraw-Hill property and the Tomahawk Lodge from Highway 101 be shared. But the service station plans would mean the main entrance to the landscaped and designed book center will be through a service station, complained Bianchi.

William W. Wright, one of the gas station proponents, said the station would be designed similarly to the restaurant next door.

The commission approved half of the plans of Novato Markets to build a shopping center at Entrada Drive 250 feet west of Highway 101, Ignacio, but told the developers to try to find more room for parking.

Grading plans for the first unit of Marin Highlands, on the Pimentel Ranch near Novato, were approved, 4-2, with commissioners Felix M. Warburg and William F. Upton opposed and commissioners Henry C. Hawkins, Eugene R. Trombley, Edward K. Wachsman and chairman Niels Schultz Jr. approving. Upton and Warburg had fought for having some of the lots graded on two levels.

The Marin County Planning Commission also:

1. Agreed to allow Floyd Nolen to build a house on a 9,000-square foot lot where new zoning requires 20,000 square feet at 27 Madrone Avenue, Woodacre.
2. Refused to allow Loretta and Gerald Ray to use two parcels as building sites, one 7,850 square feet and the other 5,810 square feet, where 10,000 square feet are required, at 48 and 50 Carson Road, Woodacre.
3. Continued to June 1 plans by Aurora Services, Inc., for development of the Tiburon uplands area for cluster housing.
4. Approved plans by Charles and Victor Decarli for remodeling an office building at First and A Streets, Point Reyes Station. Staff members voiced hopes this might start a trend in the community.
5. Approved a variance letting Jess Janssen build a house on a site of 10,000 square feet where an acre is required at 34 Sylvestris Drive, San Geronimo.
6. Approved plans for a motel next to the Fireside Motel, Shoreline Highway, near Tamalpais Valley, proposed by Paul Smith.
7. Denied Donald Marchus the right to convert a house into a duplex and build two more living units over a carport at 10-16 Marine Way, Stinson Beach.
8. Approved plans for a new location for the proposed convent of the Carmelite Sisters at the end of Blackstone Drive, Marinwood, on land of St. Vincent's for boys.
9. Approved a plot plan by Leon Felton for a Volkswagen sales and service building at 920 Redwood Highway, Alto.
10. Granted a withdrawal to Kaehler-Farrar Development Co. of plans for a townhouse and apartment development, Lucas Green, south of the Lucas Valley interchange east of Highway 101.
11. Approved a 14-acre subdivision for Stanley Berney south of Hacienda Drive near Strawberry.
12. Approved, 4-2, a subdivision, Pine Hill, requested by Tom Blackaller, for eight acres south of Sir Francis Drake Boulevard, near Inverness. Upton and Warburg opposed.
13. Approved plans by the North Marin Water District for a warehouse, maintenance and office facilities at Railroad Avenue and Sherry Street, Novato.
14. Approved plans by Robert Hargrove for adding balconies and generally refurbishing the Grand Hotel on Baulinas Avenue near Belvedere Avenue, Stinson Beach.

Commissioner George Scott was absent. Commissioner Warburg was absent in the morning and Wachsman left early in the afternoon.

Open Area Zoning Action On Water Land Is Stymied

Action on open area zoning for Marin Municipal Water District lands was stymied yesterday by absence of two county planning commissioners when the time for a vote came.

The vote was 3-2 in favor of planning director B. D. Dobbs's proposal to put open area zoning only on those lands surrounding and covering reservoir territory not to be purchased by the state for a state park. But four votes are needed to approve a zoning recommendation to the board of supervisors. Commissioners George Scott and Edward K. Wachsman were absent.

Voting in favor of the proposal were Commissioners William F. Upton, Felix M. Warburg and Eugene R. Trombley. Opposed were Chairman Niels Schultz Jr. and Henry C. Hankins.

William R. Seeger, manager of the water district, protested putting open area zoning on any water district land, claiming the change would allow uses not approved by the district.

Mary Donnelly of the Marin Conservation League then noted that the present zoning allows duplexes, hotels, hospitals, cemeteries and hog farms. She said the open area zoning should be applied to the entire district holdings.

Dobbs's proposal covered only lands around the Nicasio Reservoir and in the Cascade area near Fairfax, which does not drain into water district reservoirs.

Forest E. Boucher, senior landscape architect with the division of planning and control, State Division of Beaches and Parks, said the state may also take control of the Cascade area.

Dobbs said the open area zoning should be applied to the rest of the district's land when negotiations are completed with the state. He said rezoning now might cut the amount of money the district would receive from the state.

Hankins said he wanted to see some kind of protective zoning applied, but did not want to do so with the district so strongly opposed.

The question will be put to a vote again when there is a full commission present, possibly on June 1.

Artists Society On Right Track With Show For Fair

The Marin Society of Artists deserves commendation for the direction of its plans and preparations for showing of members' work at the forthcoming annual Marin Art and Garden Fair.

In recent years the fair has had two art shows, one limited to Marin Society of Artists members and one "open" show. In recent years there has been growing criticism that both shows were "going overboard" on abstract art, so "far out" as to be almost meaningless to a large number of fair-goers.

There were suggestions for a "people's" art show with work selected for primary appeal to those only casually interested instead of "selection by artists solely for artists."

The Marin Society of Artists is acting on those suggestions.

"Patron's Choice" is to be the theme of the Society's show at the fair this year. The selection and award jury for the show will be comprised of patrons of the arts, not just artists.

Among those mentioned as possible jurors are Dr. Theodore Gill, president of the Presbyterian Theological Seminary in San Anselmo; Senator John F. McCarthy, Mrs. Roger Kent who serves as a member of the California Arts Commission, County Supervisor Peter Behr and Mill Valley's new mayor, Michael Wornum.

While patrons of the arts are perhaps once removed from "plain people," the undertaking is laudable.

We are looking forward to this year's show with great expectations.

And if we don't like it, the artists will be blameless and beyond criticism. The society can refer complaints, if any, to its panel of non-artists who selected what's shown.

Bully for the Marin Society of Artists. We hope the new system is so successful that it is repeated in future years.

Castro's Miseries Seem To Come In Cycles—About Each 18 Months

WASHINGTON (AP)—About every 18 months something happens to give Fidel Castro the miseries. It happened again on Wednesday and this time he got a double dose.

Brazil broke relations with him. And Cuban exiles, their organization reported, raided the port of Pilon in eastern Cuba, got ashore, burned a sugar mill, and then skipped back out to sea.

THIS WAS JUST about 18 months after the Cuban missile crisis, which was just about 18 months after the disastrous Bay of Pigs invasion.

Last month word leaked out the Russians were pulling out the last of their troops and just leaving behind several hundred advisers for Castro. This would mean turning the antiaircraft missiles over to Castro. It raised a question.

Would Castro, now that he had control, shoot down the American U-2s? President Lyndon B. Johnson said the plane flights would continue. Castro called the flights aggressive action. Russia said it would back up Castro if he was attacked.

But the United States had not talked of attacking. And Castro didn't quite say he would shoot down the planes. So all that died down a bit.

THEN BEGAN RUMORS that Cuban exiles—of whom there are thousands in this country—were getting ready to bang at Cuba again, not in big waves, as at the Bay of Pigs, but in small raids and harassments.

Since the United States long ago had told the exiles they could not make raids on their homeland from American land, it was to be assumed they were making their preparations in some Latin-American country.

Castro would hardly believe that and it did not seem unlikely they were getting American help. And Wednesday they hit and scrambled away again. Whether this was just a solitary attack or the first of a series is not clear.

The Cuban dictator immediately said this was a new act of aggression by the American government. A State Department official said it was nothing of the kind, that the United States knew nothing about it.

Meanwhile, this country has been trying through the years to line up the 20-nation Organization of American States solidly against Castro to freeze him out in some way or other never quite clear.

THIS HAS BEEN something short of completely successful. For one thing, while most OAS members broke off relations with Castro, these five refused to do so: Brazil, Mexico, Chile, Bolivia and Uruguay.

Brazil retained its relations so long as Joao Goulart was president. But last March the Brazilian army threw out the left-leaning Goulart and set up a right-wing government that began throwing Brazilian Communists into jail.

It was expected that now Brazil would break with Castro. And Wednesday it did.

But where all this leads—in stronger OAS action or exile raids—is for the future.

CURE WORSE THAN MALADY

A man in Salisbury, N. C., whipped up a remarkable formula for killing rats.

He had been so disturbed by rodents overrunning his house, garage and storage shed that he decided to get rid of them.

Although the rats fled in every direction after he applied his potent mixture, it proved to be a mixed blessing for the troubled man. It also touched off an explosion that destroyed his garage and shed.

Good intentions are essential, but they must be accompanied by actions that are sound and reasonable. One doesn't kill a fly with a sledge hammer or moor a ship with a silken thread.

Try to maintain a sensible relation between ends and means on your earthly pilgrimage. Set realistic goals for yourself and show an unselfish consideration for the needs of others. Then you will be more likely to serve the Lord effectively and avoid the tragic mistakes of those who act before they think.

"May the God of peace . . . fit you with every good thing to do His will."
(Hebrews 13:20-21)

Help me, O Lord, to put first things first in all I think, say and do.

Fluoride In Water Is Found Appalling

Editor, Independent-Journal:

As subscribers of the Independent-Journal, many of my friends and I much prefer this newspaper over any others in the entire Bay Area. We are very pleased with most of your editorials and your news coverage, and coverage in most respects is superb.

I believe you have been grossly unfair in one respect, however, and that is in regard to the fluoridation issue. I have no irons in the fire, am not a member of the far left nor the far right, am a veteran of two wars as a U. S. Marine, am active in civic and church affairs, am a resident of Marin, the father of small children and have cared enough about this fluoridation issue to very carefully examine the facts.

Are you aware that eminent scientists and physicians by the thousands violently oppose fluoridation of water and cite many reasons vital to your health and mine? One group of over a thousand includes Dr. Charles G. Heyd, past president of the American Medical Assn. I enclose for your perusal a pamphlet, entitled "When Doctors Disagree," which pamphlet includes statements by many leading doctors and scientists around the world, including Dr. Walter L. Bierring, past president of the American Medical Assn.; Dr. L. A. Alesen, past president of the California Medical Assn., and Dr. Charles Gordon Heyd, past president of the American Medical Assn., and many, many others. Dr. Heyd is quoted as saying:

"I am appalled at the prospect of using water as a vehicle for drugs. Fluoride is a corrosive poison that will produce serious effect on the long-range basis. Any attempt to use water this way is deplorable."

Do you know that fluoridation is only claimed to aid the young children, yet there are far better and far more economical ways of treating your child to fluoridated water if that is your desire? It can be done without risk of exceeding the dangerous proportions of one part per million, through your drugstore at the cost of three cents per month per person.

Out of every $10,000 spent to fluoridate water, only $25 worth gets to the children it allegedly helps. The rest is a total loss except to those who produce and supply the sodium fluoride. Only 1/10th of 1 per cent of the water treated is consumed by mouth, with treatment of the rest a waste as well as a danger.

I have heard of no doctor, dentist or government agency who will guarantee your safety or mine or our children's when we drink fluoridated water.

The additive, sodium fluoride, is a deadly protoplasmic poison. As stated before the 83rd Congress of the United States by physicians, dentists and scientists:

a. It causes and aggravates disease especially in adults (it does not claim to help).
b. It is toxic to nerves.
c. It is damaging to the brain.
d. It creates high incidence of bone fracture.
e. It effects thyroid glands and damages the liver.

There is much evidence that the action of fluorides has resulted in higher repair costs to plumbing, water heaters, valves, machinery and so forth.

In almost 100 per cent of the cases where this matter has been put to the electorate and the people have been given ample time and advised of the facts of fluoridation, irrespective of biased and slanted editorials, they have in almost 100 per cent of the cases, by large majorities, voted against fluoridation.

Noting the large coverage your editorial received in our newspaper recently, I wonder if you would please take the time to thoroughly examine the facts concerning this issue before you seek to influence others toward a one-sided viewpoint. I have the facts if you would like to see them.

Alaska Could Compete For Foreign Aid Cash

Editor, Independent-Journal:

The I-J cartoon of May 15 depicting Alaska quake victims clinging to a log, while U. S. aid steams full speed ahead for far off places was forcefully told.

The Allen-Scott report of the same day told of foreign countries obtaining 40 year loans at ¾ of 1 per cent while quake victims are offered 30 year loans at three per cent.

What was overlooked was that these foreign nations have the magic key to obtaining aid; the menace of Communism either real or trumped up.

If the Alaskan politicians had half the initiative of their foreign brothers they would make much of the fact that Alaska and Siberia are too close for comfort. They might even single out a few radicals among them as red agents and scream for emergency aid.

With the hard term loans offered them the Communists threat could even become a reality. After that kind of generosity on the part of our government heaven only knows how many Alaskans are harboring dangerous thoughts.

Why No Federal Law On Assassination?

Editor, Independent-Journal:

Why is it not a federal offense to assassinate a President of the United States? Some people call it murder and say that it should be tried in the state in which it happened. It is murder, true, but is this a stranger being killed? No, it seems to me, it would be more like the murder of a close friend and should be brought to the Supreme Court, for the body that interpets the supreme law of the land, the Constitution, to try the murderer of the highest official in the government.

I am sure it would not put a strain on Congress to make a federal offense of killing a President, the closest friend an American has.

Small-Town Editor Offers Helpful Idea For Brown's Tax Hunter

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — With Governor Edmund G. Brown reportedly planning a 600-million-dollar tax bite on the public when the 1965 general legislative session rolls around, some California newspapers do not think much of the Democratic plans to deplete further the resources of the general public and divert millions from the channels of ordinary trade to the pockets of the bureaucrats.

One of these papers is the Sebastopol Times, a weekly in Sonoma County, whose editor, Ernest Joiner, is a militant newsman from Texas. Joiner, one might say, has been through the mill all the way from libel suits to good old Western .45's, but none of this has deterred him from speaking his piece.

IN A RECENT column, written no doubt to give Governor Brown some help in devising new taxes to reach his reported goal of six hundred million, editor Joiner has the following to say in his "brilliant idea" department:

"Tax Toilets! Government's insatiable demand for revenue leads us to suggest that Governor Edmund G. Brown petition his legislature for a tax on toilets, something he should have thought of himself.

"Many public establishments have coin-operated toilet facilities, making our proposed tax the easier to collect.

"While the governor's relatives sell pay toilets to filling stations and hotels, an annual license fee could be imposed on residential bathrooms. This fee could be set after an exhaustive survey by the governor's relatives, to determine what the traffic would bear.

"This concept of toilet taxation has precedence in luxury tax. After all, toilets are often more of a luxury than either face powder or toilet water, both already heavily taxed."

GOVERNOR BROWN'S suggestion for a "bed-room" tax, made at a recent press conference, appears to be just a little extension of the suggested "bath-room" tax made by editor Joiner. Combined, the two conceivably could produce the 600 million dollars the governor and his aides think may be necessary next year to continue the "soft touch" administration in office.

For, according to a good many reports and surveys, the word is getting around to those people who live off the hard-earned money of those who work for a living, the money those who work are forced to pay in taxes, that California is the "place to go."

HISTORICALLY, the demands on the producers of the state to support the non-producers will increase rather than diminish. There is no argument to the contention that the more assistance, either in money or goods, donated to the unworthy, the more will be demanded, for the theory of living off the government spreads as more people recognize they can live without working through the medium of an administration conscious of the fact that the "give-away" process serves as the means of keeping it in public office.

So don't dismiss editor Joiner's suggestion lightly; it may be closer than we think.

He would get word to his family in Oxford, Miss., that somebody must come and fetch him. That "somebody" almost always was his mother, a gallant, indomitable wisp of a woman who knew her son Bill merely wanted to be fussed over.

THE ALLEN-SCOTT REPORT

Soviets 'Bugging' U.S. Embassy In Moscow

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON—State Department security officers have uncovered more than 15 hidden microphones in the U. S. embassy in Moscow.

These highly sensitive listening devices, with ranges up to 50 miles, were found in every room in the building except one—a specially constructed room-within-a-room where U. S. diplomats now hold their private conferences so as not to be overheard by the Russian secret police.

Many of the secret microphones, due to their rusty condition, are believed to have been in use as long as 10 or 12 years.

THAT'S THE JOLTING report Ambassador Foy D. Kohler made to Secretary of State Dean Rusk during his recent round of consultations at the State Department.

His suppressed findings have been turned over to a House appropriations subcommittee.

U. S. security officers are literally taking the walls apart inch by inch, checking for other listening devices.

While the Russian government knows the full details of the successful U. S. detective work in the embassy, this is being kept from the American people on the ground that publication might upset the U. S.-Soviet detente.

Other subcommittee members have proposed that the State Department demand that the U. S. be permitted to build a completely new embassy and ambassador's residence in Moscow, using U. S. workers and material.

Ambassador Kohler also indicated in his report that the Russians are refusing to repair the present embassy's roof, rain gutters and stairs, which are deteriorating so rapidly many of the steps are considered dangerous.

THE DISCOVERY of the hidden microphones has saved the State Department from a major security blunder. Secretary Rusk rejected a precedent-setting recommendation by Administrator Abba P. Schwartz, of the Bureau of Security and Consular Affairs, to hold a meeting of U. S. consular officials from throughout Europe in the Moscow embassy.

Since the U. S. embassy's room-within-a-room isn't large enough to hold all these officials, they would have had to use one of the larger rooms—which the KGB had "bugged."

Asst. Secretary of State Robert J. Manning has submitted his resignation as head of the Bureau of Public Affairs. Manning, who recently charged in a major policy speech that the government is handicapped in carrying out its foreign policy because of what he called the unlimited freedom of the press to pry into and print government secrets, admitted he lost a secret paper while dining in a New York restaurant. . . . State Department authorities have clamped the lid tight on two major scandals involving career employees. An investigation has disclosed that false security reports were being filed by a State Department security official in a Southern office. . . . On order of Secretary Rusk, the department is suppressing reports on a shooting involving a State Department official in Texas.

Novato Might Try Reviving Idea Of 'Demodernizing' Old Town Area

A PLAN FOR preserving the old history of Novato and at the same time making it a tourist attraction was given to me last week by City Administrator J. Julien Baget. Baget does not take credit for the idea but said that it came out of one the citizen's study groups which were active at the time of incorporation. The plan made then has been lying dormant since.

It is to make an "old town" out of the lower end of the Novato business district by preserving some of the old buildings. Baget even suggested that this Western town atmosphere could be carried out further by installing wooden sidewalks and hitching posts.

He would include the area from the Northwestern Pacific railroad to Machin Avenue, mainly along Grant Avenue, but to include the community house and city hall, which are good examples of 75-year-old architecture.

"Frank Galli and others hated to see the old railroad station at Ignacio torn down for the freeway," Baget said. Novato still has its symbolic old railroad station, he said.

"PERHAPS WE COULD interest Northwestern Pacific railroad (now owned by Southern Pacific) into keeping that station, or turning one room of it into a small railroad museum."

He suggested that the residents might ask the railroad to pull some of their historic old rolling stock off onto a siding so that railroad buffs could come to Novato to photograph it.

Novato's history is a mixture of the early-day Spanish and Western American. So are the old buildings on Grant Avenue.

On the north side of the street are buildings which are typically Spanish. G. Torasca Bldg. is a perfect example of this style of architecture. Beside it are others. Their balconies overlook the street and between the buildings are shaded walkways filled with flowers and vines.

THE OLD BANK building, owned by former Mayor M. E. (Babe) Silva, and the building adjacent to it are examples of the mixture of Spanish architecture and American construction. The historic bank building could have a display showing scenes of early-day banking.

The Triangle Building at Scott and Grant Avenue is older than the plan of the streets in the city. Other wooden buildings of this early era are the old wooden building at 800 Grant Avenue, De Borba's and Johnson's Red Barn.

These could become city historical landmarkers, the same as the state denotes famous landmarks throughout the state.

"PEOPLE WOULD SOON come to think of Novato as being where one could visit a historic town and at the same time have a good Chinese meal (in De Borba's) or go shopping in the modern stores with the historic backgrounds," Baget said.

There are eight or ten buildings in this section of the city which could fit into this historic theme without any changing. There are several others that could be transformed by a coat of paint or some other slight alteration to "de-modernize" them.

This section of Novato could become as well known as Sonoma for having preserved the history of the area. Such a plan could easily make the city one of the points one must visit in the Bay Area.

Office Washroom Displays Truest Cross Section Of American Men

NEW YORK (AP)—One who wants to study modern civilization must take a look at the office washroom.

While the public part of an office is dedicated to the corporate purpose, its washroom is often a citadel of private enterprise.

I speak now of the men's washroom.

Well, here are a few of the characters you may be familiar with in the ordinary office washroom:

Joe McSturdy—"It could be worse working somewhere else, but I've never been there."

ANGUS ANGUISH—"Good lord, I can dry my face with half a towel. Why do these newcomers to the outfit waste three? That's the reason we don't have more money for merit raises."

The Philosopher — "Here today, here tomorrow — another day, another half dollar," he mumbles, and goes out to a 77-cent luncheon special.

Oswald, No. 1 office boy—For every five minutes he spends checking the in-and-out boxes he spends 15 minutes looking at the mirror, combing his hair and seeing if he can't stick his lip out with the sullen discontent.

Ronald, No. 2 office boy—Goes around the office with a portable radio glued to his ear and enjoys the washroom because that's where the reception is better.

THE COLLECTOR — He knows that sooner or later everyone has to go to the washroom, and that is why he stands there, calmly peeling an apple with a significant knife, as he waits for the $10-horse players to pay back their losing borrowings.

Lonesome Critic—So many men have left their desks that he comes into the washroom to find an audience for his complaints about how, if he only had authority, he could make a world without wound for the working man, and please the stockholders also.

The Clod—He goes there because he has to. Nature ordered him.

THE GREAT MAN — The boss strides self-consciously into the office washroom because he has lost the key to his own executive Valhalla. As he emerges he makes a thoughtful note to himself to cut the next Christmas bonus in half.

Tickets for the event are available at the Junior Boot Shop, 541 San Anselmo Avenue, San Anselmo, and 1414 Fourth Street, San Rafael; Marin County Savings and Loan Assn., 990 Fifth Avenue, San Rafael, and from Mrs. Fred F. Enemark at 170 Main Drive, San Rafael.

Proceeds from the aquacade will be used to buy equipment for Marindale School for orthopedically handicapped children.

Marin Bay Resubdivision Approved; District Money Is Not Released

Attorneys for the City of San Rafael and Marin Bay Assessment District No. 2 found themselves at loggerheads last night over the city's possible liability if it released district money against a surety bond.

Latipac, Inc., original developer of Marin Bay, is seeking release of about $84,000 collected for the district by the city. J. W. Lee and Co., a subcontractor on the development, has filed a stop order in an attempt to collect some $420,000 it claims is owed it by Latipac.

To complicate matters, the present owner, Peacock Gap, Inc. (one of the Draper Companies), is seeking to resubdivide to create larger lots, which involves refunding some of the assessment district bonds. Kenneth Jones of Wilson, Harzfeld, Jones and Morton, assessment district attorneys, said this must be done by July 2 or a six-month wait will be necessary.

Jones presented a $540,462 bond for Latipac on Argonaut Surety Co. to guarantee the city against loss if it released the $84,000 in assessment district funds. He advised the council to accept it.

City Atty. David Menary Jr. said release of the money in the face of a stop order would make the city liable, and if the bonding company stalled, it might have to draw on city general funds to pay Lee's claim—if Lee prevailed in court.

Jones contended "it is just not possible for a claimant to open up the general funds of the city." John Bird, law partner of Peter Hunt, Latipac attorney, agreed.

Menary was adamant. Councilmen Louis H. Baar and Harry A. Barbier said they would not vote to release the funds against the advice of the city attorney.

Councilman Fred Jensen was absent. Foreseeing a 2-to-2 deadlock, Mayor John F. McInnis suggested the attorneys get together, and urged that Latipac pursue a quicker legal method of disposing of the Lee claim, which was outlined by Menary.

Meantime, the council approved the resubdivision and reassessment.

The city got good news with open g of bids for paving, curbs and gutters on Fourth Street from Mary to Union streets. The city engineer's estimate for the job was $12,000. Low of eight bidders was E. A. Forde Co. of San Anselmo at $11,101.60. The other bids ranged to a high of $13,284 by O. C. Jones and Sons of Berkeley.

Award of the cnotract was held up until the assessments are re-figured.

The San Rafael City Council also:

1. Learned with pleasure from Acting Planner Daniel P. Coleman of unanimous planning commission approval of new, complete master plans for the Northgate North commercial-office building development.

2. Set for June 1 public hearings on zoning of Loch Lomond Highlands, now unclassified, to single family with minimum 10,000-square foot lots, and rezoning of the portion of Rafael Highlands along Meyer Road from 10,000 to 20,000-square foot lots.

3. Accepted a roadway easement for Tampa Drive in Coleman Heights from Franklin Elias and John M. Brusati.

4. Called for bids on an automatic irrigation system for Victor Jones Park, to be opened June 1 at 2 p.m.

5. Accepted plans for a restroom-storage building at Victor Jones Park, subject to approval by the building department, with bids to be opened June 15. Councilman Baar objected to the curved front wall of the concrete block building.

6. Learned that Samuel W. Gardiner is interested in exchanging some of his property near San Quentin Point as a city corporation yard site for part of the present corporation yard property on Francisco Boulevard. Councilmen said consideration of such a swap would have to await an appraisal on the Francisco property which is to be made by the Marin County Real Estate Board.

7. Noted a letter from the Engineering and Grading Contractors Assn. commending Public Works Director Norris M. Rawles, and a letter from Ronald K. Clausen, "junior mayor" on Youth in Government Day, expressing thanks for that program.

8. Approved hiring Jack K. Coates as chief building inspector, starting June 1, at $850 per month, and Jewell M. Mink as account clerk in the city clerk's office, starting May 25, at $371 per month.

9. Granted Montecito Merchants Assn. permission for its annual carnival June 21-25. Mayor McInnis, who in past years has voted against all such carnivals, went along to make the approval unanimous.

Parent, Teacher Groups Denounced By Lawmakers

SACRAMENTO (AP)— California's two major organizations of parents and teachers have come under bitter denunciation by two legislators.

One, Assemblyman Mervyn Dymally (D-Los Angeles), rapped the California Congress of Parents and Teachers for refusing to take a stand on de facto segregation in schools and housing.

The other, Assemblyman Don Mulford (R-Oakland), saw red over the California Teachers Assn. maneuver to secure enough singatures to qualify for the November ballot an initiative boosting state aid to schools by 200 million dollars —without saying how the money is to be raised.

Mulford, whose statement yesterday reflected the feelings of many lawmakers angered at attacks on them by the CTA, commented:

"I warn every citizen that to sign this CTA . . . petition is to guarantee higher taxes at the next session of the legislature. The arrogance of the CTA in initiating this effort to mislead the voting public must be challenged."

The PTA came in for a tongue lashing by Dymally, one of three Negro legislators, who declared it's made up of cookie-crunchers and tea sippers."

"The apparent failure of the state body to recognize and attack de facto segregation as the most serious education problem now facing Californians signifies dereliction of its duty to parents, teachers and children," he said.

Council Lends An Ear To Glenwood Troubles

The troubles of residents of Glenwood Subdivision No. 6, ranging from lack of drainage to incorrect lot lines to delays in completion of houses, were poured out last night to the San Rafael City Council.

For the most part, councilmen could do little more than lend a sympathetic ear. The public portions of the subdivision—the streets and the drainage under them — have been completed satisfactorily except that no performance bond as yet been filed, said City Engineer Dominic J. Selmi.

It was mostly the drainage (or lack of it) on their lots that moved 14 residents of Brentwood, Briarwood and Maplewood Drives to sign a petition asking that the city investigate.

Said Dr. Aubrey Humphries of 42 Briarwood Drive: "The lack of drainage is fantastic. It's unbelievable. The persons responsible were dumb or stupid or both. I'll guarantee that any high school boy could make a better job of it."

Instead of running off the lots, the water drains into the middle of them, he declared. When residents complained to the developer, a bulldozer came along and made things worse, cutting steep banks steeper and destroying landscaping, he went on.

Selmi said a concrete drainage ditch had been put on top of the ground. "It's being torn out and replaced," he reported.

Besides that, complained Humphries and several of his fellow residents, houses were misplaced so that some yards have only three-foot setbacks.

Humphries related he had waited three months for windows and two months for the front of a dishwasher.

The drainage trouble and the misplaced houses have been faults of a subcontractor, insisted John Bird, attorney for Redmonds and Walters Development Co., the subdividers.

Squirming considerably during the complaints was Councilman Louis H. Baar, who sells real estate for Maynard Redmond and Co.

"I think you're aware that Mr. Redmond is out of that organization," he protested. "Mr. Redmond was so upset about it that he got out of the company."

Maybe so, said the protestants—but he was in it to begin with and is still responsible.

Attorney Bird suggested there would be applications to the planning commission for setback variances because of the misplaced houses.

"I, for one, would not approve that," said Mayor John F. McInnis. "That would be no solution to the problem."

Shakespeare's father, a glover and wool dealer, was one of Stratford-upon-Avon's leading citizens.

Fairfax Session On Bonds Delayed

Members of an informal Fairfax committee to promote a bond issue last night postponed a planned study session with the city council until 7:30 p.m. Friday. It will be in the old council chambers, upstairs at City Hall.

City Clerk Alice Leonesio said the change was made because two members of the council, George A. Pagni and Peter R. Arrigoni Jr., were out of town yesterday.

She said the session would not be considered a council meeting, but would be a committee meeting with the council present.

The group plans to study whether city voters should be asked in November to consider a bond issue to finance remodeling of City Hall or construction of new civic buildings.

Handicapped Group Takes Swim Lesson

Nineteen handicapped youngsters from throughout Marin County took their first lesson yesterday in a special four-week swimming program sponsored by the United Cerebral Palsy Assn. of Marin County, according to president Winston L. Engvall.

The swimming students, whose ages range from four to 17, will receive two lessons a week until June 10, at a private pool. The group includes 16 youngsters with cerebral palsy and three with muscular dystrophy, Engvall said.

Esquires, Kickoffs Voted School Yell, Song Leaders

The Esquires defeated the Troydles in yesterday's balloting for next fall's yell leading team at Terra Linda High School, while the Kickoffs beat the Touchdowns for the song leading group spot.

School policy does not allow release of vote tabulations.

The election was scheduled last Thursday, but had to be held again because of a prank ballot-box stuffing.

Also elected were class representatives to the student council, one for each 75 students.

Chosen for the class of 1965 were Jerry Bellamy, Bridgit Gallagher, Glen Kabanuck, Kathi Switzer, and Mary Zitzman.

Representing the class of 1966 will be Cheryl Asselin, Cathy Calaway, Diana Dalton, Ben Edger, Kathy Epidendio, Molly Gallagher, and Carolyn Kutlik.

Named for the class of 1967 were Michelle Abraham, Jackie Bridges, Sandy Fedorchak, Ellen Greenberg, Julie Hastings, Bob King and Wendy Parker.

The Esquires are composed of Neil Gibson, Sharon Nickel and Miss Switzer. On the kickoffs are Lyda Beardsley, Claudette Cady, Sherry DeHaan, Deborah Jackson, Susan Walker, and Betty Wolf.

Park Freeway Plan Rejected

SAN FRANCISCO (AP) — The San Francisco Board of Supervisors rejected 8-1 yesterday a State Division of Highway proposal to build an eight-lane freeway on the south side of the Golden Gate Park Panhandle. It would link Golden Gate Bridge with the existing freeway at Civic Center.

The board voted for a study of an alternate plan for freeway lanes beneath Oak and Fell streets.

It would extend the panhandle greensward seven blocks and was termed by Mayor John F. Shelley "a substantial improvement over what was recommended by the state highway engineer."

Today is Tuesday, May 19, the 140th day of 1964 with 226 to follow.

The moon is approaching its full phase. The morning star is Saturn. The evening star is Venus.

On this day in history:

In 1536, Anne Boleyn, wife of King Henry VIII of England was beheaded.

In 1856, Sen. Charles Sumner delivered a blistering attack on slavery and the people of the South.

In 1898, the Spanish fleet entered Sanitago Harbor in Cuba.

In 1945, more than 400 U.S. superfortress bombers soared over Japan, attacking Tokyo and laying mines in vital sea lanes.

A thought for the day — Greek playwright Epictetus said: "No man is able to make progress when he is wavering between opposite things."

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Short-Suited Opponent Can Ruin Contract If You Are Foolish

Even when you can win two tricks in a suit, it may still be important to refuse the first trick.

This helps you when one of the opponents has only two cards in the dangerous suit.

North dealer
North-South vulnerable

	NORTH ♠ Q J 4 ♡ A 10 9 ◇ J 7 4 ♣ A K 9 5	
WEST ♠ 6 3 ♡ 7 5 4 3 ◇ A 6 ♣ 8 4 3 2		EAST ♠ K 10 9 8 5 ♡ K J 2 ◇ K 8 3 2 ♣ 10
	SOUTH ♠ A 7 2 ♡ Q 8 6 ◇ Q 10 9 5 ♣ Q J 7	

North	East	South	West
1 ♣	1 ♠	1 NT	Pass
3 NT	All Pass		

Opening lead — ♠ 6

You lose game and rubber if you play the queen or jack of spades from dummy at the first trick. If you've already mentally played the queen, give yourself a mental slap on the wrist and play the hand over.

GREEN LIGHT

If you play dummy's queen, East must not cover with the king. Instead, he signals encouragingly with the 10 of spades.

Since you need at least one diamond trick, you lead a diamond at an early stage, and West takes the ace. He leads his other spade through dummy's J-4, and East can use either the king or the eight, depending on dummy's play. Either way, East sets up the rest of his spades.

East gets in with the king of diamonds in time to defeat the contract with the rest of the spades.

PLAY LOW

The correct procedure is to play low from both hands at the first trick. This allows East to win the first trick with the eight of spades, but nothing can stop you from taking the second and third spade tricks by way of a finesse.

If East returns a spade (as good a defense as any), you win in dummy with the jack and lead a diamond. If West wins, he cannot lead a spade, and you have time to force out the king of diamonds. If East wins the first diamond he can set up his spades but cannot get back in time to cash them.

What happens if West takes the first diamond and leads a heart?

Step up with the ace of hearts and lead another diamond. The opponents can take only two diamonds, one heart, and one spade.

QUESTION

Partner opens with one club and the next player bids 1 NT.

You hold:

♠ A 7 2
♥ Q 8 6
♦ Q 10 9 5
♣Q J 7.

What do you say?

Answer: Double.

Partner should have about 12 points for his opening bid, and you have 11 points. This leaves only 17 points for the opponents. You should be able to take about eight tickets against any contract, and you must double to punish the opponents for their presumption.

Tomales Unionization Committee Is Formed

A citizen committee for unionization of the seven elementary school districts in the Tomales High School District was named at a meeting of residents last night at the Tomales School.

Approximately 30 people representing all the districts except West Marin, were present, said Mrs. Lois Parks, clerk of the Tomales Bay School District.

Election has been set for July 28 on unionization of Tomales Bay, Point Reyes, and West Marin districts, in Marin County, and Bloomfield, American Valley, Watson and Bodega Bay districts in Sonoma County.

"If the boundaries of the old Potter District can be straightened out before the election so that they are identical with the Tomales High School District, then it becomes a unification election," Mrs. Parks said. If not, then it will be a unionization election of the elementary districts.

James A. Marshall of Tomales was named chairman of the committee. Mrs. Mervyn Zimmerman of Marshall was named finance chairman; Roy Parks of Tomales information committee chairman; Mrs. Kent W. Lawson of Dillon Beach, publicity chairman, and Mrs. George Duncan of Tomales, secretary.

June 4 is the deadline for registering.

The committee will meet again June 22.

San Anselmo Apartment Plan Is Denied After Protests

After receiving protests from a packed house and a petition of protest signed by 60 persons, the San Anselmo Planning Commission last night denied apartment zoning for a lot at 8 Sais Avenue.

John B. Pedrazzini requested the zoning be changed from single family residential to allow construction of a professional building at the site. Planning Commission Chairman Charles R. Leitzell said a professional building would have been allowed under multiple family zoning.

The commission also denied a request for apartment zoning at 20 Sequoia Drive, sought by Mrs. Laura Pavesich. The lot is now zoned for single family residential.

The San Anselmo Planning Commission also:

1. Ruled that Hugh M. Wilcox will have to obtain a use permit and submit plans for a proposed A and W Root Beer drive-in at 220 Greenfield Avenue.

2. Adjourned until 6:15 p.m. Monday to tour the site of Oak Springs Unit 5, above Butterfield Road, following a request by Laster and Co. for a change in the location of an access roadway. The commission will return to city hall after the tour and make its decision on the requested change.

Inheritance Aides Under Fire Again

SACRAMENTO (AP) — Calling the present system a "political pork barrel," Sen. Hugh M. Burns yesterday proposed legislation removing the state controller's power to appoint inheritance tax appraisers.

The Fresno Democrat, president pro tem of the Senate, said he would introduce a bill providing for appointment of the appraisers by county treasurers.

"My bill is intended to remove the important work of inheritance tax appraising from the political pork barrel and place it on a businesslike basis in the office of county treasurers throughout the state," Burns said in a statement.

Bogus Checks Under $25 Not To Be Probed

Corte Madera police have adopted a new policy of not working on bad check cases of less than $25, it was revealed at last night's town council meeting.

Town Mgr. Arthur H. Brandow said the policy "would take much of the load off the secretary and the investigator," referring to Police Matron Anne Donovan and Investigator Harold N. Hockett.

Councilman Albert E. Kogler said the new policy would make a "great difference" in the work load. Mayor Edward W. Colthurst felt that merchants would become sharper in their lookout for bad checks.

Mrs. Donovan will handle check cases of between $25 and $100 and Hockett will handle the felony cases of over $100.

The Corte Madera Town Council also:

1. Reappointed Bruce Goecker and Mrs. Alfred Kraeger to the park and recreation commission, W. S. Williams to the board of adjustments, and Fred A. Nicholson to the joint recreation commission, deciding at the same time to study whether the recreation commission should be lowered from nine to seven members.

2. Delayed to its June 1 meeting a decision on whether to establish a 20-minute parking zone in front of 205 Corte Madera Avenue, after hearing that establishment of such parking areas would cause increased police work.

3. Ruled that minutes of the planning commission, board of design and board of adjustment must be readied within 48 hours after meetings.

4. Delayed to its hearing on the town budget a decision on whether to appropriate money for lighting the tennis courts.

5. Decided to investigate installation of a bulletin board in the Paradise Pharmacy postoffice substation on which town ordinances would be posted.

Councilmen Charles F. Pendleton and Norman R. Barnett were absent.

Boy With Gun Leads Police On Chase Ending In Crash

A 14-year-old San Rafael boy carrying a .45-caliber revolver led San Rafael police on a speeding chase last night until he was captured at gunpoint at the Bon Air shopping center.

During the chase the youth forced cars off Wolfe Grade, sped through the stop light at the Wolfe Grade-Sir Francis Drake intersection, and reached speeds of more than 70 miles an hour.

The wild ride came to an end when his car careened off an auto that was stopped for a traffic light, causing a four-car chain reaction crash, and veered through 50-feet of shrubbery into a divider at the shopping center parking lot.

As San Rafael Police Officer Gerald Green and Larkspur Police Officer George Newman approached, the youth alighted from the car with the revolver in his hand.

The officers leveled their revolvers at the youth and ordered him to drop his gun. He hesitated momentarily, then dropped it.

Police said the youth earlier had fired the gun at a car owned by Robert H. Salmoria which was parked at 312 Bayview Avenue, with the bullet going through one window and out the other. He said he fired to "get even" with someone in the building who had beaten him up, police reported.

According to San Rafael police the sequence of events was:

Police received a call from James W. Giambra of 322 Bayview Avenue at 8:09 p.m. about the shooting of firearms.

As Officer Green checked the area he saw the boy drive through a stop light at Bayview and D streets. He gave chase with red light flashing.

The youth drove up Wolfe Grade Road, at times over the double line and on the wrong side of the road, forcing vehicles off the roadway.

He drove through the stop light at Sir Francis Drake Boulevard and headed east at about 70-80 miles an hour. When he came to a line of cars stopped at the traffic signal at the Bon Air Shopping Center, he careened off a stopped car and into the shopping center parking lot.

According to police the boy was having dinner in downtown San Rafael with his family, feigned illness and left the restaurant to take the family car. He then drove to his grandmother's house and took his grandfather's .45-caliber Colt revolver, police said.

The California Highway Patrol reported he struck the rear of a stopped car driven by Carole Marie Castro, 18, of 37 Mabry Way, San Rafael.

This caused a series of rear-end collisions involving cars driven by Florence Mae Richards, 53, of 330 Butterfield Road, San Anselmo; Reid Tanner, 57, of Laurel Avenue, Inverness, and William Frederick Lavalley, 19, of 1016 Los Gamos Road, Santa Venetia.

Lavelley was treated at Marin General Hospital for a neck injury. Tanner suffered a bruised right leg, and Mrs. Richards and Miss Castro complained of neck pains, the CHP reported.

The 14-year-old was taken to Juvenile Hall and booked on charges of discharging firearms in the city, driving without a license, and reckless driving involving an accident.

Fairfax Man Faces Disturbance Charge

Joseph Allen Freeman, 21, of 219 Scenic Road, Fairfax, was arrested by San Rafael police at 1:56 a.m. today on a charge of disturbing the peace after fighting, yelling and breaking a lamp at the Bermuda Palms, 737 Francisco Boulevard.

On the way to the county jail, Freeman started kicking and broke the wire mesh divider in the patrol car, police reported.

Dampness From Rain Aids Firemen

Dampness from the weekend's rains was credited with preventing a forest fire near Point Reyes National Seashore last night after a blaze broke out in a dump on Inverness Ridge.

Marin County Fire Chief Louis J. Bloom said today he would order the dump's owners, a Russian Orthodox Church in San Francisco, to immediately clear a 150-foot firebreak around the dump in compliance with a recently passed state law.

The fire, believed to have been started either by hot ashes or spontaneous combustion, was reported to the county fire department at 8:45 p.m. Three fire trucks were sent, and crews were able to keep the blaze from spreading to Douglas fir and Bishop pine stands nearby.

Bloom said he was doubtful it could have been contained had the area not been still dampened from the weekend storm.

"I am really concerned about this fire," he said. "It could have been serious."

Noting that the area, about 150 feet from Drake's Summit Road, still is full of highly flammable debris from earlier logging operations, Bloom said it would again be "extremely hazardous and dry" once the moisture evaporates.

Smog was a problem as far back as 1306 when King Edward I outlawed the use of soft coal for fuel in London after complaints from citizens about smoke from coal-burning fires.

YOUTH ARRESTED IN SCHOOL RIFT

Negro Student Picked Up At Tam High For Pulling Knife On Teacher, Fighting

A 17-year-old Negro student at Tamalpais High School, brother of the youth involved in the knife-cutting of the Mill Valley Teen Club's manager last Friday night, was in Marin County Juvenile Hall today following a school grounds fracas in which he allegedly pulled a knife on a teacher.

The student, of Marin City, was arrested near the campus only after he also threatened sheriff's officers with a long stick bearing three nails and informed them he wouldn't surrender.

According to school officials and deputies, the affair began about 9:30 a.m. yesterday when the 17-year-old, a junior, scuffled with a white student on the school grounds.

The pair were separated by a teacher, and the Negro was sent home. His parents were not at home, however, and about 1:30 p.m. he returned to the campus.

Deputies said the youth then got into a fight with a second white boy on the football field and was ordered to leave by Edward Chavez, teacher of government and counselor for Negro youths at the school.

Harvey Teague, chief of the sheriff's juvenile division, said the youth then threatened Chavez with a pocket knife, but did not attempt to cut him. The youth fled. The sheriff's office was called.

Teague said 10 officers responded. The student was spotted near the intersection of Morningsun Avenue and Stadium Way. He was cornered there, then broke away. Teague chased him down Stadium Way until the student was backed against an outside apartment wall.

The youth picked up the stick, Teague said, and said no officer would arrest him. Teague said he talked to the youth without success, then picked up a nearby mop and momentarily "fenced" with the youth until the latter discarded the stick. No trace of the pocket knife was found, Teague added.

The boy was booked at juvenile hall for assault with a knife on the teacher. School officials said the youth was suspended indefinitely from school.

Officers said there is no apparent direct connection with a fight last Friday when Hal H. Schwartz, Mill Valley Teen Club manager, was cut on the hand at American Legion Hall during dance there. His 16-year-old assailant, brother of the 17-year-old, was booked a juvenile hall—also for assault—and was still there today.

The Friday night knifing started a free-for-all requiring joint efforts of Mill Valley police, sheriff's department, highway patrol, and eight other police departments.

Final Dealings Active In Irregular Decline

NEW YORK (AP)—The stock market closed lower today in an irregular decline. Final dealings were active.

Texas Gulf Sulphur erased an earlier advance and showed a fractional net loss.

Sharp losses were taken by some prominent issues.

Volume for the day was estimated at 4.4 million shares compared with 4.61 million yesterday.

Motors were weak from the start. General Motors sank a couple of points, Ford well over a point.

Airlines, perhaps inspired by Northwest Airlines' big jump in profits, took off in the afternoon. Northwest rose about 4; Western Airlines around 3; National 2, and Pan American more than 2. United gained more than a point.

Texas Gulf Sulphur again looked like the most active stock and was up nearly a point. Xerox, running second in volume, dropped about 3 in profit taking.

Sears, Roebuck was off about 2 as profits were taken.

Down around a point or more were Kennecott, Homestake, International Nickel, Liggett & International Nickel, Liggett and Myers and General Electric.

Zenith rebounded more than a point. IBM gained 5; Polaroid more than 2; U.S. Smelting 3, and Control Data nearly 4.

Prices were mixed on the American Stock Exchange.

Corporate bonds declined. U.S. government bonds were mostly unchanged.

Industrial Leap Impressive, Due Mainly To Autos, Steel

By SAM DAWSON

NEW YORK (AP) — The big spurt in industrial production this spring may be borrowing from the future—the future in this case being the second half of the year.

Output leaped ahead impressively in April to cheer the majority believing that the economy is heading onward and upward as far as the eye of the prognosticator can see.

But the big push that carried the Federal Reserve Board's industrial production index in April a full point above the March level came largely from autos and steel. And there are signs that both are crowding more of their annual production than usual into the first half of the year.

If so, any big gain in the fall would have to be sparked by other segments of production, such as consumer goods. And this will depend on the consumer himself.

In compiling its index, the Federal Reserve gives automotive products a weight of only three per cent. But the industry carries a bigger weight in actuality because when it is booming so are many producers of supplies and materials, from metals to glass, from textiles to rubber.

The suspicion that the auto industry is producing more just now than it normally would arises from two factors:

1. Statistically, it is now turning out cars at an annual rate of around 8.7 million, although its estimates for the year's total average 8 million.

2. The labor negotiations this summer are expected to be unusually rough, and auto management may be loading up dealers with cars ahead of time, both to ease its own bargaining position and to hedge against any possibility of a strike.

Steel is getting its big orders from autos, construction, makers of machinery and business equipment. But steelmen also are predicting total output this year considerably lower than the present annual rate would call for. A summer slowdown is expected. A fall upturn is anticipated, but many think the rate of increase will be much slower than this spring's strong spurt.

Consumers Set Spending Record

SACRAMENTO (UPI)—California consumers set a new spending record last year, according to figures from the State Board of Equalization.

The board said that taxable sales (which include nearly everything) totaled 27.9 billion dollars in 1963, up 7.4 per cent from 1962 and the new record.

The board said that the nearly 2-billion-dollar increase did not result entirely from population growth, which was 3.5 per cent, nor from inflation, which increased prices about 1 per cent. Californians, said a spokesman, were just spending more.

A major item not covered by the sales tax is food sold in markets. The board estimated that Californians spent 4.8 billion dollars in that department last year.

The 4 per cent sales tax yield last year was 847 million dollars for the state and 280 million dollars for cities and counties.

U.S. Gross National Product Is On Rise

WASHINGTON (UPI) — U.S. Gross National Product (GNP) —the country's total production of goods and services— rose 8 billion dollars during the first quarter of the year, according to a revised estimate released by the Commerce Department.

During the first quarter the GNP reached an annual rate, after seasonal adjustments, of 608 billion dollars, the department said. After taking account of inflation, national output was nearly 1 per cent higher than in the fourth quarter of 1963.

May Stores Chain Tells Top Profits

ST. LOUIS — First quarter net earnings and sales for the May Department stores company reached new record highs for the period, Morton D. May, president, has announced.

Net Earnings in the three months ended April 30 amounted to $5,094,000, equal to 69 cents per share of common stock after deducting dividends on preferred stock, May said. This was $1,154,000, or 29 per cent, above the company's net earnings of $3,940,000, or 52 cents per common share, in the first quarter of 1963.

The May Company, one of the largest department store businesses in the United States, had net sales in the first quarter this year of $159,908,000, an increase of 7.9 per cent over sales of $148,259,000 in the first quarter of 1963.

Fairbanks Whitney Using New Identity

NEW YORK — Colt Industries, Inc., formerly Fairbanks Whitney Corporation, has begun using its new name.

Trading in the corporation's reclassified common stock has begun on the New York Stock Exchange and the Midwest and Pacific exchanges, under the new ticker symbol, "COT." "When Issued" trading began May 8.

Kaiser To Expand

OAKLAND—A 7-million-dollar expansion and modernization program of its Louisiana operations has been announced by Kaiser Aluminum and Chemical Corp. Included in the program will be construction of a coke processing plant at Norco, plus other major modernization projects at existing company locations in Baton Rouge, Gramercy and Chalmette.

New Sears Store

STOCKTON—Sears Roebuck and Co. will formally open a new full line department store in Stockton tomorrow to replace a smaller facility the company has operated in the downtown business district since 1916.

OTHER PEOPLE'S BUSINESS

Draper Was A New Name In Marin Six Years Ago—Now It's Landmark

Almost six years ago a new name—**Jerome F. Draper Jr.**—was introduced in Marin County. It appeared in connection with the **Draper Land Co.**, when preliminary plans for a shopping center at the corner of Manuel T. Freitas Parkway and Las Gallinas Avenue were first released.

This was shortly after Draper had begun to put together his present organization generally known as the **Draper Companies.** Eleven years before he had started as a Burlingame real estate broker in business with his father. In 1955 he branched out for himself.

At the beginning, few people knew exactly what the pluralized designation covered, but as the Northgate project gained impetus so, too, did Draper developments in other areas. Today they encompass 10 shopping centers, along with various residential and industrial projects. In acreage, most of all this is in Marin County.

THE HIGHLY complicated structure is built around the capital investment of nearly 800 shareholders in an amazing interlocking arrangement of 15 separate investment corporations and five development corporations. Each of these in turn owns a share of the Draper Companies — the management corporation for all of them.

As an example of how equities in various projects are distributed, the **Draper Shopping Centers, Inc.** owns all of **Northgate Shopping Center, unit one.** But it owns only one-third of **units two and three**—and has one-half of the **Roseville Square Shopping Center.** The remaining two-thirds of Northgate units two and three are distributed equally among **Draper Growth Properties, Inc., Draper Pacific Properties, Inc., Draper Centers Co.** and **Draper Western Properties, Inc.**

THE FOUR LATTER companies also own one-seventh each of the **Del Monte Shopping Center,** the remainder of which is owned by **Draper Commercial Properties, Inc.** and **Draper Real Properties, Inc.** Draper Commercial, in addition, has two fifths of **Foothill Square Shopping Center.** One-third of the **Roseville Square Shopping Center** and two-fifths of Foothill Square are owned by still another corporation — **Draper Investment Co.**

Shopping centers at Lone Hill, North Salinas, Los Banos, Willits, El Portal and Boise are each owned separately by six other corporations.

Among the development companies, **Draper Development, Inc.** owns the **Northgate Garden Apartments** and the majority of shares in **Peacock Gap, Inc.** which owns Peacock Gap. Presumably the latter now includes the recently acquired McNear's Beach properties. **Douglas Associates, Inc.** is the other shareholder in Peacock Gap, Inc.

Joint venture interests in the **Northgate Industrial Park** are held equally by **Draper Industrial Properties, Inc.** and **Draper Land, Inc.**

THE MAN who heads this complex system is mild-mannered and young-looking — hardly the type you'd expect to find in control of upwards of 35 million dollars worth of property investments. Under him there are five divisions functioning in the operating structure of the management corporation: Development, investments, land, management and planning.

Senior vice president **E. P. Anderson** heads the first of these; vice president **Gordon H. Dohemann** of San Rafael directs the investment division; **William A. Harding,** another vice president, heads the land division, and planning is under vice president **A. G. Michaud.**

The management division was recently formed to manage completed shopping centers and future commercial properties, and act as a support to other divisions. **James G. Warner,** another Marin resident, is responsible for promotion advertising and merchant relations in this division.

Ross Calls Bids On 2 Portable Rooms

Trustees of the Ross School district last night called for bids June 15 on the lease of two portable classrooms for one year.

The portables, to be located on the hardtop area next to the school, will be used by the seventh and eighth grades. This will make it possible to have two third grade classes and two fifth grade classes.

Cost of the lease contract is expected to be under $7,400.

Board members voted against allowing use of the hardtop area as a parking lot during the Marin Art and Garden Show, saying the surface was not designed for cars and would soon deteriorate under such use.

The board granted tenure to teachers Roy Brunkenhoefer, Stephen W. Peterson, Wanda Morgan and Barbara Dillon.

Trustees agreed to have repairs, estimated at $4,000, done on the school roof this summer, but delayed for more study an improvement project for classroom lighting estimated at $7,200.

The citizens bond committee is to meet at 8 p.m. today to prepare a bonding program for school expansion. Voters recently turned down a $400,000 bond issue.

Youth, 17, Kills Father—Stays With Body 6 Days

DALY CITY (AP)—A high school student has admitted to police that he shot his father to death, stood a vigil over the body for six days, then shot himself.

Michael Kelley, 17, of Daly City, was admitted to a peninsula hospital in serious condition with a stomach wound. Police quoted him as saying he shot his father, James A. Kelley, 52, fast Tuesday, then turned the .22-caliber rifle on himself yesterday.

Police said the boy told them he pumped six to eight slugs into his father in the apartment they shared, covered the body with a sleeping bag, and waited.

The boy's only explanation for the act was that he "hated" his father, a maintenance man for a San Francisco firm. Police said the boy turned the gun on himself in an apparent fit of remorse.

No Protest On Dolphin Pilings

A permit for construction of two dolphins of pilings will probably be issued to Pacific Telephone and Telegraph Co. which plans to place them in Racoon Straits, 50 feet from the northwest shoreline of Angel Island.

A spokesman for the Army Corps of Engineers in San Francisco said today that there had been one navigational protest from an individual. The spokesman said if there were no further protest in the mail today, the permit would probably be issued.

The dolphins are needed in conection with an underground cable being laid by PT&T.

Mill Valley Council Still Backing Library

The Mill Valley City Council last night reaffirmed its position supporting the $325,000 bond issue for a new library to be voted on June 2.

It also reaffirmed that the council intends to replace the land of Old Mill Park to be used for the proposed library with equivalent land.

San Jose Teachers Pay Raised

San Jose School District trustees last night gave teachers a blanket raise of one step and non-teaching personnel a 4 and one-half per cent increase.

The teacher's increase will be $312 per year for each teacher. This totals approximately $28,000 additional for the district.

The raise for the non-teaching personnel will cost the district approximately $8,700.

The trustees received a report that the cafeteria program had an income of $38,182 with expenses of $41,580, leaving a deficit of $3,398.

The San Jose School District board also:

1. Heard from Supt. Ralph Giovanniello that advanced enrollment for kindergarten was down from last year by 20 pupils and that school enrollment had dropped from 2,638 to 2,606.
2. Accepted the resignation of Carol Place, former third grade teacher at Lynwood School, now on leave, and hired Patricia Wiklund to teach in the intermediate school and Mrs. Kathryn Mitch as summer school librarian.
3. Heard from Giovanniello that Hamilton Air Force Base dentists would give free dental checkups to the students of Meadow Park and Pacheco schools.
4. Heard a curriculum report by Joan Bauer, Eilleen Johnston and James McNern on a Marin County study project, and a report that there was "100 per cent participation" in the school camping program.

Dog Owner Sets Up Howl Over $1

Discrimination is being shown against Mill Valley dog owners, Jerome C. Hauke told the city council last night, arguing against paying an extra dollar for a dog license.

Hauke, who has one dog, a cocker mix, maintained the city has the right to go from $3 to $4 for a dog license, to coincide with the uniform county animal ordinance, but said the extra dollar should be paid from general funds and not from dog owner's pockets.

When asked to come back at budget time or to go before the county with his plea, Hauke boomed, "The time to strike is when the die is hot."

The council voted unanimously to pass the amended ordinance.

Lagunitas Trustee To Assume Duties

New trustee William G. McBride will be seated by the Lagunitas School District board at its meeting at 8 p.m. today in the school auditorium.

McBride was elected May 5 in the election which recalled trustee Georgette Vilas.

Among items under "unfinished business" on the board's agenda is continuation of preliminary talks on the district's 1964-65 budget, a matter which has been discussed off and on since January.

On April 14, voters approved an increase of the district operating tax rate from $2 to $2.65. Since then, the board voted an increase of $11,000 in teachers' pay, and another $2,300 hike in the payroll for classified employees for next year.

Slight Improvement

Donald E. Boothroyd, 54, of 634 Northern Avenue, Tamalpais Valley, has shown slight improvement but remained in critical condition today at Kaiser Hospital in San Francisco, according to hospital authorities. He suffered a heart attack at his home at 8 p.m. Saturday.

Commission Against Apartment Zoning

The Marin County Planning Commission yesterday made it clear that apartments would not be encouraged west of Fairfax, but could not immediately agree on how dense the housing should be in the area.

The commission continued a rezoning application by Mildred Simon for rezoning land just to the west of Oak Manor until June 1, telling architect David Coleman to present figures on how many units might feasibly be developed on the hilly terrain.

The commissioners said cluster housing would be allowed and even encouraged in the area. Commissioner William F. Upton proposed to zone the area to allow cluster housing with average density of one house for each 20,000 square feet.

Principal Planner David Van Pelt said he felt development of the land as a straight single family subdivision would require an even lower density—about 1.14 houses per acre.

Cluster housing should not be a device by which a developer can gain greater density, argued Commissioner Felix M. Warburg.

Van Pelt showed a projection of future development in the valley west to White's Hill, based on subdivision densities and slopes, saying the saturation point with ordinary subdivisions would mean about 1,500 dwelling units. He said that if development followed the proposal in the Oak Manor Highlands plans, with apartments and clusters, there would be 5,567 dwelling units.

Neighbors in the area and representatives of the Fairfax School District and city planning commission wrote to object to the plans.

Summer School Signup Deadline Is Tomorrow

San Rafael City Schools will close registration tomorrow for the summer elementary school program scheduled June 15-July 10.

Sessions in remedial reading and arithmetic will be held at Gallinas and Laurel Dell Intermediate Schools from 8:30 a.m. to 12:30 p.m., according to Mrs. Eve Geiger, summer program director, for youngsters who are "reading below grade level or having difficulty in learning."

Women Voter Group Elects Ex-Marinite

Mrs. Ward Duffy of San Francisco, a former Fairfax resident, was elected executive committee chairman of the Leagues of Women Voters of the Bay Area yesterday at the annual meeting of delegates from the area's 20 leagues at the Marin County Civic Center.

Mrs. Robert D. Cunningham of Novato was introduced as the new delegate from the Central Marin League to the Bay Area group.

Delegates agreed to undertake a study of land uses in the Bay Area with emphasis on parks, open space and shorelines and present and proposed governmental agencies making and implementing regional plans.

Reports on action of the air polution and water polution control boards, the Bay Area Rapid Transit District, the Association of Bay Area Governments and the Southern Bay Tri-County Sewerage Committee were presented.

"Mommy, you forgot...every litter bit hurts!"

It happens in the best of families! Mom or Dad, quite without thinking, tosses aside a bit of trash. And here's how that one litter bit—like every litter bit—hurts! The street or sidewalk takes on a trashy look that gets worse and worse as bit after bit adds to the litter mess. The youngster sees the oldster and follows suit. How can a child know you didn't mean to? How can you expect your children to be good citizens if you don't set the example? ■ So, Mom—lead the way to the litter basket. Carry a litterbag in your car and use it. When you picnic far from a litter basket, please carry trash out with you. Make it a family project to Keep America Beautiful!

It's Time To Start Taking Those Phillies Seriously

The once-laughable Philadelphia Phillies — making their first early-season bid for National League pennant honors in years — face a three-game showdown with the San Francisco Giants starting tonight at Candlestick Park, 815 o'clock.

The Phillies, who usually cause trouble at the end of the season after opening slowly, are off to a flying start. By defeating Houston 4-0 last night, the Phillies brought their record to 18-10 and took a 10 per centage point lead over the second place Giants.

Hit-hungry San Francisco's record dropped to 19-11 after a 4-2 loss to the New York Mets yesterday.

Manager Alvin Dark nominated Jack Sanford, who started his major league career with Philadelphia, to take the mound tonight against his old teammates. Juan Marichal and Bob Hendley will hurl tomorrow and Thursday.

Philadelphia's probable starter tonight is right-hander Art Mahaffey, but San Francisco wouldn't be surprised to see lefty Dennis Bennett.

Against Mahaffey, left-handed hitter Chuck Hiller would play second base and lefty Tom Haller would catch. Against Bennett, right-handers Jim Davenport and Del Crandall would play those positions.

In their last three games against the New York Mets, the Giants collected only 13 hits—five yesterday as they fell 4-2 on George Altman's eighth inning home run.

"They're better hitters than this," said Dark of his team which has only Willie Mays batting over .300. "They'll start hitting and we don't plan any extra batting practice."

Mays played only the final two innings, spending most of the afternoon relaxing in the bull pen.

A year ago, the Giants won their series against Philadelphia 10 games to 8. Mahaffy was 2-0 against San Francisco and Bennett 0-1. Sanford was 2-1 against the Phils.

Manager Casey Stengel of the Mets left town expressing disappointment that his club didn't capture the series against the Giants instead of winding up 2-3.

"I thought we would do better," he said—perhaps seriously.

New York starter Galen Cisco had faced only 15 men through five innings although giving up two singles. One base runner was out stealing and the other on a double play.

The Giants started with Jim Duffalo, who had to retire in the fourth with a pulled rib muscle. Bob Bolin took over.

Hiller opened the sixth with a single to left. Jose Pagan popped out and then Bolin sacrificed. Jim Hart singled to left scoring Hiller.

It appeared that run might stand up. Then Bob Taylor pinch-hit a single for Cisco opening the eighth. Bob Shaw came in and Dick Smith hit into a force play. Rod Kanehl hit a roller that took a bad hop over Shaw's glove and both runners were safe.

Dark brought in left-handed Billy Pierce to pitch to left-handed hitting Altman and the strategy backfired.

On a 2-2 pitch that got away from Pierce, Altman hit his second homer of the year. Then left-handed hitting Jess Gonder doubled. In came right-singledhanded pitcher Gaylord Perry and righthanded hitting Joe Christopher singled home the final Mets' run.

Haller belted his second homer of the year off reliever Larry Bearnarth in the Giants' eighth but the issue had been decided.

Alvin's Strategy Backfires And The Boo-Birds Have A Field Day

Jack Hanley

Some days, nothing goes right. Percentages don't mean a thing. Alvin Dark found that out yesterday when his strategic defensive moves trying to protect a 1-0 Giant eighth inning lead backfired into a 4-2 Met victory.

Baseball fans don't like managers making sound percentage moves that turn into snake eyes. When managerial strategy sours, boos follow. And Dark got them vociferously.

Bob Bolin seemed to be doing all right despite an opening Met single in the eighth. After all, it was only the third hit Bolin allowed since he took over in the fourth from Jim Duffalo who had pulled a left side muscle.

Because Bolin had worked five innings in relief during the weekend, Dark felt it was time to switch to Bob Shaw, the bullpen ace. Furthermore, by switching to Shaw after that eighth inning single, Dark could simultaneoously move Willie in the pitcher's batting slot just in case his bat was needed.

IT SEEMED smart, particularly after Shaw got the first batter he faced on an attempted bunt. When the next Met sent a two-bouncer back to the mound, Darks' strategy seemed to sparkle. But the ball took a crazy high hop off the mound over Shaw's glove and instead of a DP, there now were two Mets aboard, one on first, on on second.

Dark then brough Billy Pierce to the mound to pitch to the next Met, George Altman. Surely, nobody could fault that strategy—a southpaw against the lefthander. At least, nobody except the Candlestick crowd of 4,860 faulted it after Altman hit a 2-2 slider out of the park.

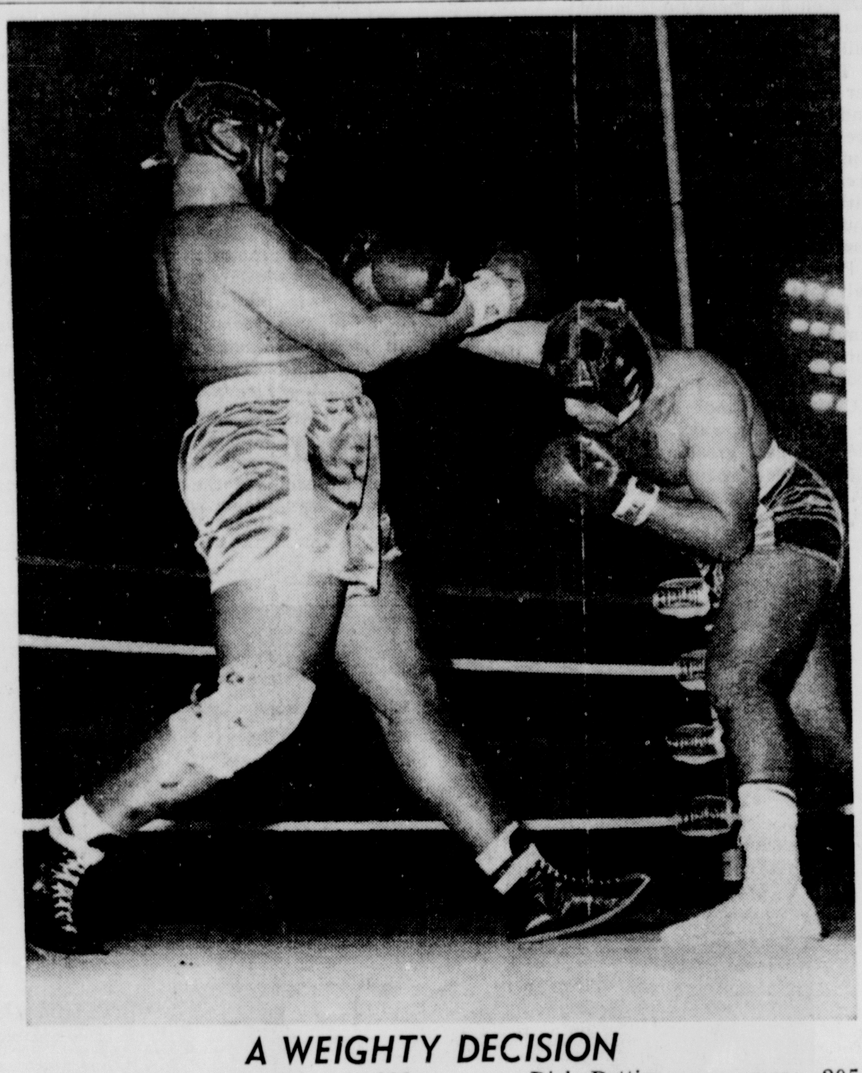
THERE HAVE been sellout houses in Candlestick but never has the joint rocked in the kind of raucous reception the slim Monday crowd gave Dark when he came out to get Pierce.

In 1959 in the Los Angeles Coliseum, Walt Alston made moves similar to Dark's in a Giant-Dodger game and, lke Dark's, they backfired. The Coliseum crowd gave it to Alston pretty good, too. All was forgiven when the Dodgers went on to win the pennant in '59.

After that '59 Dodger pennant was safely tucked away, Alston, speaking at a celebration luncheon, recalled the time he was booed for three strategic moves that lost a game to the Giants.

HE ASKED those who supported his first move to stand up. One-third of the audience did. Then he asked those who thought he was right in his second move to stand up. And another third stood up. The final third rose in support of his third move.

"Just goes to show," said Alston, "that two-thirds would be against me whatever I did."



A WEIGHTY DECISION

CHARGE! ARNIE WINS IT

OKLAHOMA CITY (AP)—"When did you know you had it won, Arnie?" someone asked Arnold Palmer.

"When he stepped off the plane," Ernie Vessler interjected.

Actually, it wasn't that simple for the four-times Masters champion.

Palmer trailed Lionel Hebert by three strokes going into the final round of the $40,000 Oklahoma City Open yesterday, then put together one of his typically brazen, blistering finishes for a two-stroke triumph.

Palmer, boldly going to his driver at every opportunity, whipped over the 7,042-yard Quail Creek Country Club course in a final-round five-under-par 67 for a winning 277, including birdies on the last two holes.

"I've been playing pretty well from tee to green," Arnie said. "The difference was in the putting. I was rolling in some of the little ones I haven't been getting lately."

He also got a little help from the weather.

WASHED OFF

The tourney start was delayed by two days of rain. On one of those days, Thursday, Palmer had shot a 75 before it was washed off the boards. When the first round was finally played Saturday, he had a 72, added a 69 Sunday and had another 69 on the first 18 holes of yesterday's 36-hole windup.

It was his first tourney victory since he picked up his fourth Masters title at Augusta, Ga., earlier this year. The $5,800 first-place money increased his winnings for the year to $44,298.

Hebert, who shared the halfway lead with George Bayer and was in sole control after 54 holes, blew his lead with bogies on the second and third holes of the final round.

Palmer pulled even with a birdie on No. 3 and went ahead to stay with another birdie on the sixth hole. Hebert never caught up, but he, Jack McGowan, South Africa's Bob Verwey and Mike Souchak stayed in contention until Palmer charged home with two closing birdies.

Hebert finished with a par 72 for 279 and $3,500 second-place money.

Verwey had a closing 70 for 281 and third place, his best PGA tour finish. McGowan, 73, and Souchak, 72, tied for fourth at 282. Dave Marr had a closing 68 for 283 and sixth place.

Crackdown Urged On California Gun Clubs

SACRAMENTO (UPI) — State Attorney General Stanley Mosk yesterday requested Gov. Edmund G. Brown to order new procedures for state regulation of gun clubs in California.

In a letter to the governor, Mosk said, "In view of our continuing problems with private armed groups of fanatics and extremists, and the indication that new groups may be forming under the urging of Malcolm X, I feel that new procedures must be established to deal with the approval of gun clubs in California."

Mosk said he realized that the vast majority of gun club members in California were respected citizens, but added that since they receive free ammunition in large quantities and also firearms, they should carry certain responsibilities.

He recommended that the state adjutant general compile a list of current gun clubs and that these and all future clubs be checked by the State Bureau of Criminal Identification and Investigation.

Reports On Marin's Pro Ball Players

John Boccabella of San Anselmo, first baseman for Salt Lake City in the Pacific Coast League, got only four hits in 38 at bats and watched his batting average fall to .194, according to the last reported week from Player Periscope of Novato.

For the season, Boccabella, the slugger who finished out the 1963 season with the parent Chicago Cubs, has 20 hits in 103 at bats. Out of those 20 base hits, 5 were home runs and 3 were doubles. He has 14 runs batted in and has scored 11 runs.

Ron Blum of Larkspur, shortstop, was sent from Wenatchee, Wash., of the Northwest League to St. Cloud, Minn., of the Northern League, and got only one hit in seven at bats for the new team for an average of only .143.

Ken Anderson of San Rafael, outfielder for Greenville, S.C., of the Western Carolina League, kept his bat mark over the .300 mark with 8 hits in 27 trips to the plate in the last reported week. His four RBIs raised to seven his season total. On the year, Anderson has 13 hits in 40 at bats, good for a .325 average.

Gerry Ard of Fairfax, shortstop for Modesto of the California League, batted .278 for the week, keeping his season mark at .275. On the season, Ard has 19 hits in 69 at bats, and has 12 runs batted in and has scored 11 more runs.

Ron Cole of Mill Valley, pitcher for Modesto, allowed only four hits in his last complete game to pick up another victory and run his record to 2-1 on the year. In the 23 innings Cole has worked, he has allowed 18 hits and 10 bases on balls, but has struck out 21. His earned run average is .235.

Nino Geminiani of San Anselmo, pitcher from Lakeland of the Florida State League, appeared in two games for the past week and came out of it with a loss, to run his season total in the win-loss department to 1-2. His ERA is very creditable 1.58. In 17 innings the youngster has whiffed 10, allowed 8 walks and has given up 16 hits.

NATIONAL LEAGUE ROUNDUP

Bunning Hurls One-Hitter; Buc Rookie Tames Dodgers

U.P. INTERNATIONAL

Jim Bunning has nine hungry mouths to feed and he's made a private promise to give them all a taste of some World Series melon.

The 32-year-old side-arming stringbean, who provides the groceries for seven kids as well as for himself and his wife, narrowly missed the second no-hitter of his career last night but still pitched the Philadelplace.

Bunning gave up only one hit, a fifth inning single by Jim Wynn, as he handcuffed the Mouston Colt, 4-0, for his fifth victory compared with only one defeat.

"You might say I've been 'around the block' in this game," grinned the six-foot-three, 182-pound right-hander. "I've been in six all-star games, had a 20-game season, pitched a no-hitter and even was with a second place club. But I've never been in a World Series."

SAME SCORES

Only two other games were played in the National League and both ended with the same score. The Pittsburgh Pirates beat the Los Angeles Dodgers, 4-2, and the New York Mets ended a string of 31 scoreless innings with a 4-2 victory over the San Francisco Giants.

In the only American League game scheduled, the Detroit Tigers rallied for three runs in the ninth inning to topple the Washington Senators, 7-6.

Rookie Steve Blass was a winner for the Pirates in his first major league start when they shelled Don Drysdale for three runs in the sixth inning to overcome a 2-0 deficit.

Drysdale, now 5-2, departed with the bases full and one run in, after which reliever Ron Perranski yielded a sacrifice fly to Gene Freese and a single to Donn Clendenon that accounted for the winning run.

Marin Golfer 16th In Cal J.C. Tourney

College of Marin's Robb Shultz carded 164 for 36 holes yesterday to place 16th in a field of 115 players in the 1964 California State Junior College medal golf tournament at Monterey Peninsula Club. His rounds were 82-82.

The other Marin entrant, Terry Van Buskirk, finished far down the line at 175.

Ron Cerrudo, the hot shot from Chabot College, won the individual championship with a 141 while Los Angeles Valley College won the team title.

THE DEPENDABLES: SUCCESS CARS OF '64

How to be a hit

with the misses

The answer, obviously enough, is to become a 1964 Dart owner. For this young-at-heart beauty is winsome—and then some.

Take 1964 Dart styling, for instance. Handsome, dashing, suave, and far from stuffed shirt. Here's a car anyone could love for looks alone. Inside, leather-grained vinyls are every bit as soft and supple as they appear. And how many other compacts can you name that offer a choice of standard or bucket seats, carpeting, and engines ranging from an Economy Run winning Six, to a sizzling, new 273 cu. in. V8.

So, if you want to be a hit with the misses, see your Dodge Dealer. But hurry, there are bound to be many other fellas with the same idea.

Net Champs 'Prep Of Week'

By RALPH CHATOIAN

Gregg Parkinson, 18-year-old tennis star from San Rafael High School, has jumped into the spotlight as the Independent-Journal Prep-of-the-Week.

Parkerson's selection came after he won his seventh and eighth straight Marin Athletic League matches last Tuesday and Friday. During that string of eight, the hard-slamming athlete has not lost a set.

RECENT VICTORIES

His most recent victories were over Redwood's Sam Mercer, 8-6 and 6-4 last Tuesday, and Drake's Mark Vance, 6-0 and 6-2 Friday. His only defeat of the year was in a practice match with Lowell High School when he lost in three sets to Greg Shepherd.

This season marks the second year Parkerson has been the No. 1 man of the Bulldogs' team. He played No. 1 singles the second half of the 1963 season and No. 2 singles the first half of the campaign as a junior behind senior Harvey Klyce.

FIRST TEACHER

Parkerson started playing tennis only five years ago when he was in the eighth grade. First teacher was his dad, Harold H. Parkerson, who played quite a bit of tennis in his youth. Now, the senior Parkerson confines his tennis knowledge to the smaller court of the table, more commonly known as ping-pong.

TENNIS WHIZ—Gregg Parkerson, fine tennis player for San Rafael High School, has been selected at the past week's Prep-of-the-Week by the Independent-Journal sports staff. He plans to enroll at College of Marin after graduation from high school in June. (Sketch by Jack Lucey)

A senior at San Rafael High, Gregg now gets some of his tennis advice from Howard Kinsey, a former Wimbledon and Davis Cupper. The two get together quite a bit for some practice rounds. In all, Gregg estimates he plays between one and two hours almost daily. He usually gets in six days of tennis per week.

Coaching Gregg at San Rafael is veteran net coach Fred Hines, tennis coach at San Rafael for quite a few semesters. "He's a real fine coach," says Parkerson. "He helps me out quite a bit."

Like most tennis players, Gregg is also quite proficient in table tennis. He likes the game so much he's now trying to get a tournament started at Hamilton Air Force Base.

He's already got a couple of former nationally ranked players interested, namely Berne Abalew of Novato, who was fifth ranked nationally in table tennis at one time, and Mary McLaine of Mill Valley, who also once held a high ranking.

NEED PLAYERS

Parkerson is hoping more interested table tennis players will get in touch with him. "First thing we need is players before we can ever get a tournament started," says Gregg.

Gregg's father was a supervisor at the San Francisco Naval Shipyard for 26 years before recently retiring. Now he's a plumber for a Santa Rosa company, not too far a commute from the family home at 175 Corte Alta, Novato.

COLLEGE PLANS

Gregg plans to attend College of Marin after his graduation, but has his sights set on UCLA. It would be a great place for the tennis whiz, as the Bruins consistently turn out some of the nation's top net stars.

And the way he has been playing, Parkerson may find a UCLA sweater just tailored for him.

KENNETH JOHNSON
Gridder-scholar

MARINITE WINS WARNER ALL-AMERICA GRID HONOR

Marin County has a new All-American boy—junior style.

He is Kenneth Johnson, 14, of 31 Monte Vista Avenue, Larkspur, who today was selected to the 1964 National Pop Warner All-American Team of Little Scholars.

Johnson earned the high honors for his gridiron talents as tailback for the champion Redwood Junior Giants combined with his scholastic achievements at Larkspur-Corte Madera School and for extra-curricular activities.

According to Pop Warner Educational Director Charles F. Troxell, young Johnson was one of 27 boys from across the nation selected in this 13th annual scholastic and athletic competition.

SCHOOL GRADES

The competition is based on the boys' school grades, extra curricular and community activities and athletic endeavors throughout the past school year and is open to the 600,000-plus boys playing Pop Warner football.

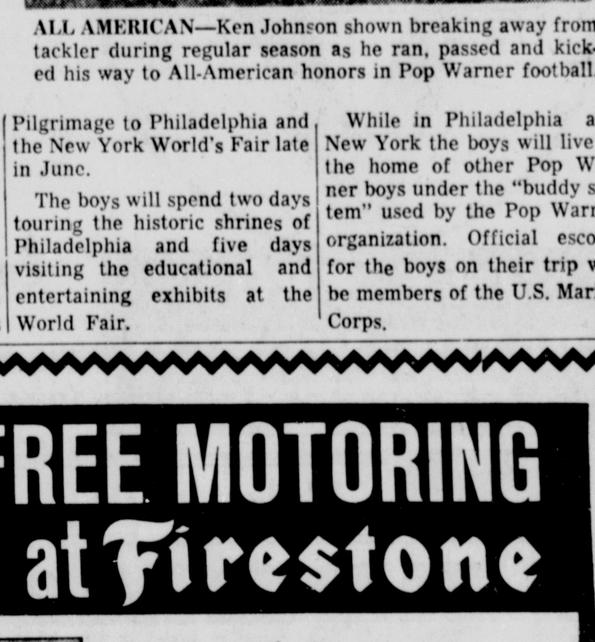
Johnson was the leading scorer, rusher, passer and place kicker for the Junior Giants and also excels in baseball and basketball.

Of the six school subjects required in the Pop Warner scholastic competition, Johnson, the son of Mr. and Mrs. Gene Morien, averaged four A's and two B's. He also is active in church work, according to his football coach, John Pagliaro.

Johnson will join the 26 other All-America players on the national football program's Pilgrimage to Philadelphia and the New York World's Fair late in June.

The boys will spend two days touring the historic shrines of Philadelphia and five days visiting the educational and entertaining exhibits at the World Fair.

While in Philadelphia and New York the boys will live in the home of other Pop Warner boys under the "buddy system" used by the Pop Warner organization. Official escorts for the boys on their trip will be members of the U.S. Marine Corps.



ALL AMERICAN—Ken Johnson shown breaking away from tackler during regular season as he ran, passed and kicked his way to All-American honors in Pop Warner football.

Curtis Team To Christen Hilton Pool

Marin's Ann Curtis Cuneo, the gal who swam to two gold medals and a silver one at the 1948 Olympics, will present her students from the Ann Curtis Swim School in a colorful aquacade to formally christen the pool in opening ceremonies of the San Francisco Hilton.

The Curtis swimmers will give their performance in the pool in a garden setting on the 16th floor of the new hotel as one of the highlights of the opening day ceremonies Saturday at 1 p.m.

The "Hilton Aquabelles," as they will be called for the day, will be a featured part of a special invitational luncheon that Conrad Hilton is hosting for distinguished guests gathered from all over the world for the opening of another of his long string of hotels.

MARIN GIRLS

Performing will be Maureen Poganski, Redwood High student; her sister, Mrs. James Kilpatrick of Greenbrae; Janis Steinmetz of San Rafael High; Kris Ronnerberg of Redwood, Darleen Bordner of Drake, and Mo Donovan of Dominican College in San Rafael.

Probable scene stealer will be seven-year-old Julie McKinstry of Lucas Valley, swimming as "The Butterfly."

Exhibition diving will be performed by Marinites Morley Shapiro and Jay Rodrigo. Rodrigo is Big Five diving champ from the University of California and a former star at Redwood High School.

FOOTBALL TRAINING

Redwood Coach To Direct Summer Camp

Bob Troppmann, head football coach at Redwood High School, has helped come up with another "first."

It's a football camp. That's right, a football camp for high school gridders with the motto: "We'll get him ready for you."

The first Diamond Football Camp will be held Aug. 2 through 15 at Yorkville in Mendocino County. Troppmann and Bob Muenter, head grid coach at Piedmont High School, are the directors of the program. The camp will cover all phases of football, including fundamentals, rules, offensive and defensive trends, chalk talks, films and fireside sessions with top college athletes and coaches.

Fee for the two-week session is $175. A boy may take a one-week session for $100.

The physical conditioning part of the program will include weight training, isometrics, calisthenics, mountain running and, according to the brochure, lots of rest and sleep. Training table meals will be set up by a top college trainer.

Recreational activities will include swimming, fishing, basketball, softball, table tennis, football contests in punting and passing, and flag football games.

The camp is located in a mountain setting on the Diamond D Ranch. Boys will sleep in bunkhouses, seven boys and one counselor to a house.

The camp administration will be carried out by Bob Mathias (not the decathlon star), who is superintendent of the Anderson Valley School District, and Dan Gaffney, football coach at Anderson Valley High School.

It will be the first football conditioning camp in California, according to the brochure.

Parents interested in sending their boys to the camp should get in touch with Troppmann at Redwood High or with Mathias at the Diamond D Ranch-Sport Camp in Yorkville.

Road Equipment Needs—$42,000

Marin County must add $42,000 to its outlay for road equipment for the next fiscal year, believes Asst. County Administrator John F. Barrows.

Cost per mile of road maintenance in recent years has been held down by keeping equipment in use, Barrows said in his analysis of the county public works budget presented to the board of supervisors today. Now, he said, the time has come when much equipment must be replaced.

There is a replacement reserve of $65,000, but an additional $42,000 will be needed for all the equipment which must be bought, he said.

The budget for land acquisition for next year is placed by the county administrator's office at $200,000—double that of this year but $100,000 less than was asked by Public Works Director Donald R. Frost.

The road budget, aside from equipment, totals $1,183,570, compared to $1,455,974 expected to be spent this year.

Major projects included are widening Sir Francis Drake Boulevard to Laurel Grove Avenue, Kentfield, $75,200; more realignment of Lucas Valley Road, $30,000; replacement of the Valley Ford-Franklyn School Road bridge, $125,000, and improvements to Novato Boulevard.

Information Asked On Elderly Housing Aid

An architect, two realty brokers, a developer, two churches and the retired teachers' association have all asked for information on federal aid for financing housing for the elderly since a recent meeting on the subject, Richard Phenix told the citizens' advisory committee on the aged last night.

Phenix, coordinator of the group, was ordered by the committee to start plans now for events for senior citizen month in 1965. The group decided to continue regular meetings through the summer.

Winter follows summer abruptly in Antarctica, without a modifying in-between season.

Lime Splashes Into Little Leaguer's Eyes

An 11-year-old Little League player from Greenbrae suffered cornea burns of both eyes when he was accidentally splashed by lime while marking a baseball diamond at Wolfe Grade School Saturday.

Injured was Britt Renworth, son of Mr. and Mrs. George Renworth, 356 Bretano Way. His father is president of the Kentfield-Greenbrae Little League and is principal of Bayview Schools at San Quentin Prison.

Britt was treated at the Kaiser Clinic in San Rafael and Kaiser Hospital in San Francisco. His parents said it will not be known until tomorrow whether his sight was impaired in either eye.

According to his father, the accident occurred as Britt was putting a box of lime into the marking machine. "A youngster hit the box and the box upset in his face," the elder Renworth explained.

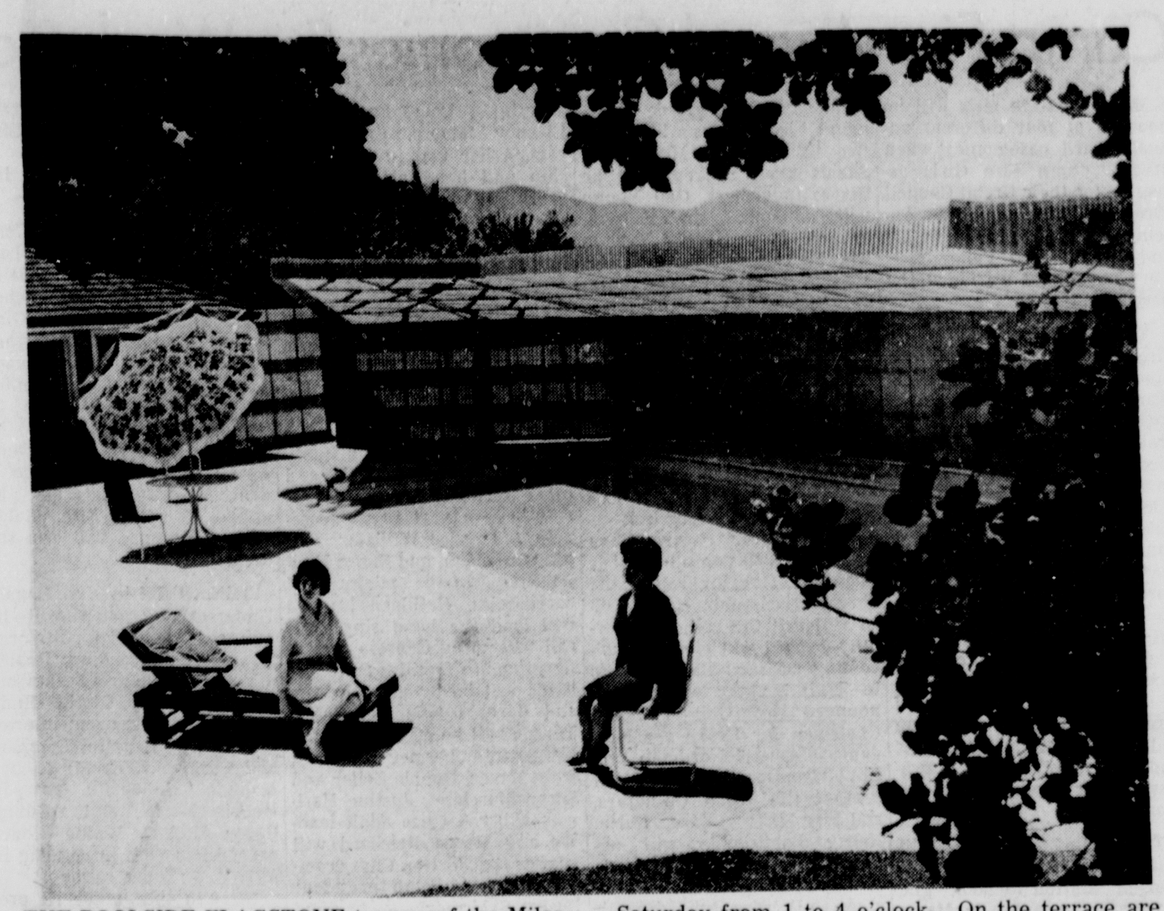
NO. 1 LARKSPUR PLAZA—IN THE HEART OF LARKSPUR



THE POOLSIDE FLAGSTONE terrace of the Miles Burgess home in Greenbrae will be the setting for the art showing when the Greenbrae Acorns Guild of the Sunny Hills hold its annual house tour on Saturday from 1 to 4 o'clock. On the terrace are tour co-chairmen, from left, Mesdames Rudy Meiswinkel and Peter Brajkovich.

(Independent-Journal photos)

Art Exhibit To Highlight Tour

The Greenbrae Acorns Guild of Sunny Hills will hold its third annual house tour on Saturday from 1 to 4 p.m. Mrs. James Frush, guild president, announces that in addition to the five Greenbrae residences to be shown, there will be an art exhibit.

The poolside flagstone terrace of the Miles Burgess home, 250 Vista Grande, will be the setting for the art showing. Decorated in soft shades of gold, this view home has many outstanding features. Among them is the gold-leaf curio cabinet in the living room, which hold many objet d'art, acquired in the owners' extensive travels. Unusual use of flagstone extends to the comfortable family room.

THE ROY COOPER home, 315 Vista Grande lends itself to gracious living. Embroidered Oriental panels slide to cover curio shelves in the living room. It features a center patio.

AN ANTIQUE mirrored wall in the entry hall of the R. N. Brixon home, 329 N. Almenar, leads one to a well planned family home. The garden is a Shangri-La with a hillside of greenery and ivy-covered wishing well. The pale pink patio with its center island of miniature plants and unusual fish pond completes the scene.

MARIN'S SOCIAL WHIRL

Mrs. Livermore To Entertain At Dinner For Newlyweds

By FLORENCE DONNELLY

Mrs. Norman B. Livermore is entertaining Friday night in honor of Mr. and Mrs. Fred S. Herrington, who were married April 23. Mrs. Herrington, the former Mrs. Frank C. Stratford of Ross, and the San Francisco attorney, have been on a honeymoon trip. They made an extended tour of Mexico and boarded the liner, Oriana, at Acapulco for the cruise back to San Francisco.

Mrs. Livermore, founder of the Marin Art and Garden Center, and the new Mrs. Herrington have been closely associated in many cultural activities over the years. The bride is a member of the center board, the Art and Garden Fair and the Northgate Group, of which she was first president. Mr. Herrington is a graduate of Stanford University and Harvard Law School, and member of the Bohemian Club and St. Francis Yacht Club in San Francisco.

Mrs. Livermore will give a cocktail party at her home in Ross for the Herringtons and then she and her guests will go to the Marin Art and Garden Center for dinner. Afterwards the group will attend the Ross Valley Players production of Tunnel of Love. Proceeds that evening are allocated for the center.

Among Mrs. Livermore's other guests will be honorary members of the center board, Judge Jordan L. Martinelli and Jose Moya del Pino and their wives, also Mrs. Robert H. Berry, chairman of the center's advisory committee, and her husband.

MEMBERS of two pioneer California families, Mrs. Rhoda Denton, formerly of Ross, and John R. Minges of San Francisco, were married in Reno, Nevada, May 16. The bride, the former Rhoda Sherwood of Salinas, is the granddaughter of Eugene Sherwood, who sailed around Cape Horn to California in 1850 and had a big sheep ranch in Salinas. He founded and named Salinas. The new Mrs. Minges, daughter of Mrs. Clarence Sherwood and sister of Mrs. Thaddeus Nance both of Salinas, attended University of California. She is a member of Mannequin League of Marin and has modeled in many fashion shows.

The bridegroom, who owns his own company, Litho-Compositors of San Francisco, is the grandson of John Minges, who was born in Germany and came to California via New Orleans in 1849. He owned a large piece of property in Stockton. The bridegroom's mother, Mrs. George Minges, a resident of Stockton, is a member of the Society of California Pioneers. He attended University of Washington and was graduated from the University of Pacific. For her wedding Rhoda wore a green and white silk suit. The newlyweds, now living in Corte Madera, will delay their wedding trip until later in the year when thew will go to Hawaii.

FAREWELLS are being said to Mr. and Mrs. James L. Cockburn Jr., who have sold their home in Ross and leave this week for a five months trip around the world aboard a freighter. They intend to make their home in Hawaii at the conclusion of their journey. This is really a major change for Mrs. Cockburn, the former Dorothea Renebome, who was born in San Rafael and has lived in Marin County most of her life. Her brother, Harry Renebome, is a resident of San Anselmo.

The Cockburns have a son, Donald Cockburn, who lives with his wife and infant child, Kaydon, in Vallejo. Don is a teacher and athletic coach at Vallejo High School. The James Cockburns on their around the world tour will visit relatives in Edinburgh, Scotland. They have sold their Ross house to the Richard Tracys of Mill Valley. The Cockburns will rent an apartment in Hawaii until they find a place to buy.

MR. AND MRS. ROBERT A. WALKER of San Rafael vacationed for several days at Del Monte Lodge, Pebble Beach.

MRS. VICTOR KAGAN of San Rafael was honored at a luncheon given recently at Peacock Cap Country Club in celebration of her birthday, Mrs. Arthur Sauter was hostess. Other guests were Mesdames George Collins, Rufus Rhoades, Harry Sanner, Daniel Mezzetta, Robert Shortridge, Robert Evju, Samuel Holloway and E. B. Abbett.

Bringing Up Baby®

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

It's a great day in the life of your lively one when he tries to feed himself. Of course, the operation's a bit messy but think of the big strides he'll make in manual dexterity and hand-to-mouth co-ordination. A Gerber Cover-All Bib will protect clothes from dribbles. Newspaper under his high chair will spare the floor from spills. A bit of paper toweling under the feeding dish will keep the tray relatively tidy.

New and hand-y, too! Great way to help your baby practice self-feeding: Gerber Chicken Sticks. Made from tender poultry selected by Armour, plus nonfat dry milk, they have protein aplenty to help give your baby's growth a boost. Mildly seasoned and filled with real chicken goodness, they're in a flavor-class by themselves. Offer this finger food "as is" or heat slightly. P.S. Gerber Meat Sticks are deliciously nutritious, too.

Another achievement report. When self-feeding starts, your baby may also start to form real words. And because those first talking-tries are so enchanting it's a temptation to baby-talk back to your cherub. But this won't help baby better his speech. He learns by imitation and will learn more quickly if you speak normally, clearly and slowly.

Time out. If baby walks soon after he talks, he may slow down his speech attempts temporarily. There's so much concentration required in learning to walk . . . so many things to discover . . . your darling doesn't have too much time for talk.

Happy menu choices for the high-chair crowd . . . each and every Gerber Junior Food. Know why? Because they're prepared by specialists who are wise in the ways of what toddlers will like (and what they need nutritionally). Over 40 choices to banish mealtime monotony. How about Chicken Noodle Dinner teamed up with Mixed Vegetables for our next lunch? Gerber® Baby Foods, Box 72, Fremont, Mich.

Parents Play Vital Role In Placing School Child

By DAVID NYDICK
UPI Education Specialist

The school child's placement for the next few weeks—parents can play an important part in this decision.

The school principal is usually responsible for assigning children to grades and classes. He makes his decision based upon staff recommendations, his knowledge of individual teachers and any other special information which is available.

Retention (non-promotion) and acceleration (advancement in grade) are parts of the placement procedure. Although the final decision is up to the school authorities, a parent should be involved in the evaluation which leads to the decision. The parent can supply much valuable information as to the child's attitudes, study habits, social relationships, etc. These must all be considered in any retention or acceleration.

IN ADDITION, the parent's attitudes and approach to the child will either help or hinder his adjustment and eventual success. A general rule to follow is that the child's placement is neither a reward nor punishment but simply an attempt to place him where he belongs and can be most successful.

Another important area of placement is the teacher to whom the child will be assigned. Teachers vary in personality, interest, approach, and areas of strength. Normally the child's present teacher will be aware of his needs but a parent can often add much to this knowledge. It is the parent's responsibility to bring to the school's attention any factors which may affect the child's ability to learn. These factors might be physical problems, personal family plans, special interests, etc.

THE SCHOOL can then evaluate this information in relationship to the teacher. As an example a child whose father is away from home much of the time may benefit by being assigned to a male teacher. Another child who has a genuine interest in the study of nature might be assigned to a teacher with a similar interest.

The children with whom a child is placed might affect his learning. This is not usually as important as some parents feel. Children tend to make new friends easily. They adjust rapidly to new situations.

However, while this may be true, there are circumstances which should be brought to the school's attention. If your child works and plays well with a particular child or group of children, he might have difficulty if separated from them. This would be especially true if there is a limited number of children in your immediate neighborhood.

SEPARATION from a particular child may be advisable if they have become too dependent on each other. This would allow them to develop independent personalities.

The couple exchanged vows at a recent nuptial mass at St. Patrick's Church in Larkspur, the Rev. Daniel Pettingill officiating. The bride, daughter of Mr. and Mrs. Charles J. Rosso of Larkspur, wore a white dotted Swiss floor length gown and her attendants, her sister Barbara Rosso as maid of honor, and Melodie Yoell of Corte Madera, wore short organza dresses in yellow and green.

Best man was Brud Dufficy of Davis and Tom Murphy of San Rafael was the usher.

A wedding reception was held at the Rosso home.

The bride was graduated from Marin Catholic High School and is employed with Oglesby, Jacobs and Wickham. She is the sister of Barbara and Charles Rosso, and the granddaughter of Mr. and Mrs. August R. Oliva and Joseph Rosso, all of San Francisco.

OUR VALUES

WHY?
SIMPLY THIS:
Most other dealers sell a lot fewer cars than we do — so they have to make a bigger profit per car.
We like our way better . . .
SO DO YOU!
THAT'S WHY WE KEEP SELLING SO MANY MORE CARS THAN

Fusselman Faces 2 Opponents —Could Be November Runoff

Supervisor William D. Fusselman of District 2 (Ross Valley) faces two challengers, Jess J. France Jr. and Ernest N. Kettenhofen, on June 2.

Unless one man wins a clear majority in June, the top two will run off in November.

Here is some background information on the candidates:

WILLIAM D. FUSSELMAN

JESS J. FRANCE JR.

WILLIAM D. FUSSELMAN, 75, retired candy manufacturer, 22 years on the county board of supervisors, is seeking his seventh term in office.

A native of Kansas, he moved as a child to Washington. At Bellingham, he learned the candy business, then entered College of Puget Sound. From 1909 to 1914, he studied at college, worked for a railroad as special officer, and read law.

At college, he met his wife-to-be, Ada, and they were married in 1914. He ran a print shop and sales branch of a milk firm, which he sold to move to Long Beach. After working as shipyard riveter at Long Beach, he came to the Bay Area in 1919, and has been in Marin ever since.

In 1928, he was elected to the San Anselmo City Council and served for nine years, seven as mayor. In 1937, he resigned to become secretary-manager of Marvelous Marin, Inc., a county promotional organization. He became a county supervisor in 1942 and has been on the board continuously.

Fusselman has been a consistent foe of the Civic Center. Last year he voted against a reserve fund set aside in the budget for construction of another wing of the Civic Center. "I believe the people should have a chance to vote on expenditures that large ($1,221,619)," Fusselman said.

During construction of the present building, he voted for work stoppage to see if the Civic Center could be converted to a hospital.

Fusselman has also been critical of the county administrator and voted to abolish the office in 1961.

As in past campaigns, Fusselman stresses his "great compassion for the unfortunate who are in personal difficulties or are being oppressed by some strange facets of government."

"Many people know that I have spent most of my adult life serving in a public capacity. This has resulted in my learning the very intricate business from the ground up. It could be said, I stayed here and tended the store for you," says Fusselman.

"I have definite respect for due process of law. The rights of individuals must be protected. I also most certainly subscribe to the proposition that government should not be an intolerable tax burden on the people who pay the bill."

ERNEST N. KETTENHOFEN

Fusselman has declined to appear in public debate or forum with other candidates. Instead, he writes his "County Comments" and publishes them in the form of advertisements.

He and his wife live at 223 San Anselmo Avenue, San Anselmo.

JESS J. FRANCE JR., 43, resident partner in the stock brokerage firm of York and Co. in San Rafael, calls for a "modern approach" toward progress for Marin.

He was 1962 president of San Rafael Chamber of Commerce, former vice consul to Bolivia, business specialist with the U. S. Department of Commerce, is a director of Marin United Crusade and former director of the Marin Development Assn. and the Bay Area Council. A graduate of the University of Washington, he came to Marin in 1947.

France supports continuation of the Civic Center construction, including fairgrounds and auditorium. He believes the stop-work order on the Civic Center and the attempt to abolish the county administrator's office were examples of waste of taxpayers' money.

He says supervisors should devote time to long-range planning and policies, leaving to department heads the responsibility for detailed execution of the policies. For maximum efficiency, he would aim eventually for a county charter.

France calls for a larger planning staff and adequate master planning to protect the county's charm and natural beauty. He finds too many separate local governments "creating a costly and inefficient tangle of taxing agencies."

He sees need for closer cooperation between the county and its cities. He favors a Marin Transit District that will ultimately tie into the Bay Area Rapid Transit System.

France feels roads are inadequate, and facilities are needed to Point Reyes Seashore. He thinks supervisors should provide leadership in alleviating problems of the elderly, especially in housing. He will work for a four-year college in Marin to complement the two-year College of Marin.

He supports the county's human rights commission and the program of training minorities to qualify for county positions. "I am in favor of equal opportunities for all in housing, employment and in education." He said he is in favor of the Rumford Fair Housing Act, although he considers this a state-wide issue, not local.

He wants to reverse the trend of declining retail sales in his district.

"Are we going to move ahead in the next four years?" he asks. "Or are we going to continue to settle for tired solutions and worn-out procedures?"

France, who is divorced, lives at 100 Legend Road, Sleepy Hollow.

ERNEST N. KETTENHOFEN, 46, resort owner, rancher and former land developer, promises a "vigorous and conscientious" representation on the board of supervisors.

Kettenhofen is president of the board of Marin Hospital District, on the citizens advisory board of College of Marin, and was chairman of the San Anselmo School District bond-tax committee last year. He is a governor of the California Maritime Academy, a director of Marinship Property Owners Assn., and member of the Marin Senior Coordinating Council and American Field Service.

A native of Wisconsin, he grew up in Los Angeles. He served as captain in the Merchant Marine in World War II and saw action in Africa, Europe and South Pacific. He lives with his wife and their four children in San Anselmo. He has been a resident of Marin for 15 years and in San Anselmo for seven years.

He urges reorganization of parks and recreation as an independent department and would encourage employment of welfare recipients, senior citizens and teen-agers in conservation and maintenance programs of the expanded parks and recreation department.

Kettenhofen seeks creation of a new position of county development coordinator, to act as neutral liaison between the county and cities and between the county government and public. Through this agency, he would broaden and strengthen long-range county master planning, and get more coordination between county and cities.

He has called on the State Division of Highways to start studies on an alternate highway route from 101 to West Marin—over White's Hill to Point Reyes so that populated areas will not be uprooted.

He proposed a new park site in the Corte Madera Creek tidelands near Marin General Hospital. He would work for more water district land for parks, acquiring tax delinquent wastelands for greenbelts and recreation, and would study the possibility of real estate tax exemptions, reductions or deferrals for the aged.

Kettenhofen favors long-range financing of the Civic Center construction to prevent continuously rising property taxes. He would try to lower the tax burden by attracting light and clean industry.

He sees a need for a clearer line of responsibility between supervisors and the administration. He says the supervisors should initiate and guide long-range planning and policies instead of continuing with "wasteful stop-gap measures."

Kettenhofen accused the incumbent of wasting taxpayers' money by (1) loss of option to purchase the Civic Center site, (2) stopping work on the Civic Center, and (3) hastily pushing through the county retirement program.

He thinks more supervisors' meetings should be held at night for the public's convenience.

He favors training for all unskilled and unemployed Marinites, using state and federal programs whenever possible. He supports the Rumford Fair Housing Act.

Asserting that "issues at stake are more important than the success or failures of candidates," he has called for public discussion among the candidates. He and France have appeared in several forums, but Fusselman has declined.

Kettenhofen and his wife and four children live at 78 Alta Vista Avenue, San Anselmo.

Novatan In Hospital

Mrs. John McGovern, the former Mrs. Peg Bond of 1044 Second Street, Novato, has been a medical patient at St. Joseph's Hospital in San Francisco since May 15. She has been unable to answer any of the telephone calls from her friends in Novato.

The taste receptors on the tips of the butterflies are said to be the most sensitive of all known living things.

Marin Solon Leading Tour To Aid Rocky

Spurred by Nelson Rockefeller's victory in Oregon, a six-member team of state legislators is continuing to stump Northern California in behalf of Governor Rockefeller's campaign for Republican presidential nomination.

The legislators, headed by Sen. John F. McCarthy (R-San Rafael), spoke at six different colleges, including College of Marin, yesterday, then rushed back to Sacramento in time for the legislative session, which reconvened at 3 p.m.

Assemblyman Mitlon Carks of San Francisco spoke at College of Marin.

Senator McCarthy spoke at Napa Junior College, Assemblyman William T. Bagley at Diablo Valley Junior College in Concord, Assemblyman Carl A. Britschgi at University of California at Davis, Assemblyman John G. Veneman at San Jose City College, and Assemblyman George Milias at Santa Rosa Junior College.

"I believe we are going to win," said Assemblyman Marks as he toured Marin. "The Oregon victory certainly helped. I just can't believe that California Republicans, who have been moderates for all these years, are going to turn to another type of philosophy."

He said polls show that college students are for Rockefeller, contrary to belief that most young Republicans are for Barry Goldwater.

B'nai B'rith To Install Thursday

Jack P. Waxman of San Rafael will be installed president of the Marin Lodge of B'nai B'rith at 8:15 p.m. Thursday at the Jewish Community Center, San Rafael.
